

BMW CONNECTED DRIVE.

Service Availability Matrix Factory-Installed Options.

This document provides you with an overview of the ConnectedDrive services and features relating to our vehicles. These include factory-installed options, ConnectedDrive upgrades, BMW Digital Standard, BMW Digital Premium, service durations and renewals, and various important notes relating to these services.

Please note the following important notes relating to the information provided in this document:

- The service availability matrix provides an overview of when a particular feature became available on a particular model. Actual availability of particular features in a vehicle may depend on vehicle options, vehicle software version, other technical restrictions, applicable laws, or applicable ConnectedDrive Terms. To confirm eligibility for a particular vehicle, please visit the ConnectedDrive Store (www.bmwusa.com/MyBMWConnectedDrive) and log in with the BMW ID associated to that vehicle.
- Prices, durations, and features are subject to change, subject to applicable laws and ConnectedDrive Terms.
- Dates shown reflect model year (e.g., 2020) or initial production dates (e.g., Mar-19) when a particular feature first became available. Some vehicles are no longer able to access the features due to technology discontinuations such as discontinuation of cellular connectivity. On most MY2023 and newer vehicles, an active ConnectedDrive contract is required in order to activate most features.
- Whether equipped with BMW Digital Standard or BMW Digital Premium, all vehicles will have BMW Assist eCall, TeleService, and Remote Services available for as long as technically capable and in accordance with applicable law, ConnectedDrive Terms, and other restrictions.
- Please refer to the footnotes at the end of the document for additional information.

Renewals.

BMW Connected Services Package

The BMW Connected Services package contains all services available for renewal, based on your vehicle's equipment, with the exception of any ConnectedDrive Upgrades renewals. ConnectedDrive Upgrades are available as standalone renewals.

Renewals are available once the service(s) are within 30 days of expiration. If your vehicle is eligible for renewal(s), simply log in to the ConnectedDrive Store (<https://mygarage.bmwusa.com>) to see what BMW Connected Services package is available for your vehicle. Based on how many services will be included in the renewal, the price of the package is reflected accordingly.

Please note that the actual number of services included in the BMW Connected Services package for your vehicle may differ based on vehicle equipment.

	2 services included* \$50 for 1 year	Up to 8 services included* \$120 for 1 year	Up to 10 services included* \$150 for 1 year
