Advanced Real-Time Traffic Information: Streamline your trip with live traffic reports along your route as well as in the area. Easily view traffic flow and nearby events, such as construction and accidents, to always keep you connected with the roads around you.

My BMW App: Stay on time, in touch, and in control with the My BMW App. This all-in-one app helps you to avoid traffic, share arrival time with friends, and lock or unlock your BMW remotely.

BMW Assist eCall: Push the SOS button to transmit your location and vehicle information to our Response Center. We can request help on your behalf, direct you to the nearest hospital or police station, or notify emergency contacts about your situation.

On-Street Parking Information: Alleviate the problem of searching for a parking space. On-street parking information uses real-time and historic data to figure out the probability of finding a parking space in many major cities.

Android Auto™ Compatibility: A seamless, secure way to use your Android smartphone during a journey – whether it's staying connected to your messaging, enjoying music, or navigating your drive.

Connected Music: Your favorite songs anytime, anywhere. With BMW Connected Music, Spotify™ will always find the perfect soundtrack for the road with streaming of more than 50 million songs.

Remote 3D View: Check on your parked car no matter how far away it is. Using Remote 3D View, you can take a surround view snapshot of the imagery around your vehicle right from your smartphone.

Apple CarPlay™ Compatibility: Take the things you want to do with your iPhone™ while driving and put them right on your car's built-in display. Get directions, make calls, send and receive messages, and listen to music, all in a way that allows you to stay focused on the road.

Intelligent Personal Assistant: This seamless technology learns your preferences, such as frequent destinations and climate settings, and can help you with everything from finding your nearest gas station to playing your favorite songs. Just say "Hey, BMW...." to get started.

Remote Door Unlock: If you ever lock your keys in your BMW, call our Response Center toll-free at 1-888-333-6118 and we will send a signal to your driver's door to unlock it, after you provide your name and password.

Digital Key Plus: Use your smartphone as a smart key without even having to remove it from your pocket. Your BMW locks and unlocks doors automatically as you move away from or approach the vehicle.

Drive Recorder: Record vehicle surroundings for up to 40 seconds. You can document critical driving situations, such as an accident, or collect memories of beautiful routes at the press of a button. And, there are no visible wires like aftermarket dashcams, thanks to integrated on-board cameras in the front and rear of the vehicle.
