2016 X1, X3, X4, X5 and X6 Models covered in this Booklet

Series	Models
X1 SULEV (PZEV)	X1 xDrive28i
X3	X3 sDrive28i, X3 xDrive28i, X3 xDrive28d, X3 xDrive35i
X4	X4 xDrive28i, X4 xDrive35i
X5	X5 sDrive35i, X5 xDrive35i, X5 xDrive35d, X5 xDrive50i, X5 xDrive40e
X6	X6 sDrive35i, X6 xDrive35i, X6 xDrive50i

Introduction [for SULEV (PZEV) only]

2016 X1 models are certified to California's stringent Super Ultra Low Emission Vehicle (SULEV) standards and also qualify as a Partial Zero Emission Vehicle (PZEV) under the California Air Resources Board Zero Emission Vehicle program. In addition to very low tailpipe and zero-evaporative emissions, this PZEV certification includes a unique warranty when the vehicle is registered in California and certain other states, as indicated in the SULEV (PZEV) section beginning on page 37. SULEV (PZEV) models registered in Delaware, Oregon, Pennsylvania and Washington are covered by the California Emission Warranty beginning on page 27.

The emission certification standard can be verified on the Vehicle Emission Control Information label located in the engine compartment. A representative label is shown below; the SULEV (PZEV) certification is stated after the word "California."

BMW Ultimate Service™

This includes:

- **The BMW Maintenance Program:** No cost factory-recommended maintenance for 4 years/50,000 miles from the original in-service date, whichever comes first, for the initial purchaser, owner, or lessee of this vehicle from an authorized BMW center. BMW Maintenance Program coverage is not transferable. See page 3 for details.
- **BMW Roadside Assistance:** No-cost 24/7 on-the-road assistance for 4 years/unlimited miles from the original in-service date. Also includes trip-interruption benefits as well as trip routing services.
- **New Vehicle Limited Warranty for Passenger Cars and Light Trucks:** Limited coverage for defects in materials and workmanship for 4 years/50,000 miles from the original in-service date, whichever comes first. Warranty repairs will only be made at authorized BMW centers using genuine BMW Parts.

Special Notes on the Diesel Engine

- At ambient temperatures below approximately 32°F, starting the engine of the X3 xDrive28d or X5 xDrive35d may be delayed for a few seconds while the automatic preheating system is active. An indicator lamp in the instrument cluster will illuminate during this time. Start the engine only after the indicator lamp goes out.

Automatic preheating indicator lamp

- ▷ Engine breaking-in: Prior to driving the first approximately 1,250 miles, do not exceed an engine speed of 3,500 rpm; avoid full-throttle acceleration and using the "kick-down" function of the transmission. After this mileage, engine speeds can be gradually increased.
- ▷ The BMW Advanced Diesel engine is designed to run only on Ultra-Low Sulfur Diesel (ULSD). This fuel designation contains a maximum of 15 parts per million (ppm) of sulfur. Service stations which dispense this fuel will have their pumps marked with this label:

ULTRA-LOW SULFUR HIGHWAY DIESEL FUEL
(15 ppm Sulfur Maximum)

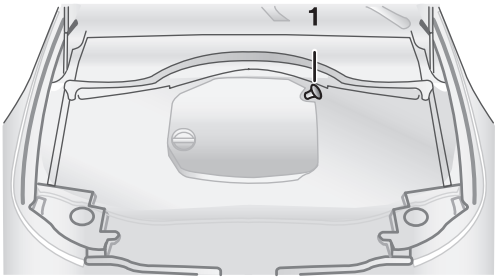

Required for use in all model year 2007 and later highway diesel vehicles and engines.

Recommended for use in all diesel vehicles and engines.

- ▷ The use of biodiesel fuel is acceptable as long as the content is no higher than 5% (B5) which meets ASTM D6751 specification. If a biodiesel rated higher than B5 (such as B10 or B20) is pumped into the vehicle, damage to the fuel system components may occur.
- ▷ If gasoline, B10 or higher biodiesel, or any other improper fuel (i.e., low-sulfur diesel) is pumped into your diesel vehicle: at the first notion of the mistake, **stop pumping and do not start the vehicle, not even to drive it away from the fuel pump. Serious engine damage can occur! BMW recommends that you contact your authorized BMW center or Roadside Assistance immediately.**
- ▷ The BMW X3 xDrive28d and X5 xDrive35d are equipped with a misfueling system which is intended to prevent gasoline from being pumped into the tank. Most automotive diesel fuel nozzles will be of the recommended diameter (24 mm). When inserted into the fuel-filler neck, the fuel nozzle simultaneously presses two safety tabs located inside the fuel-filler neck; this will allow the fuel nozzle to be fully inserted for refueling.

A gasoline fuel nozzle diameter is smaller (21 mm) than an automotive diesel fuel nozzle. If a gasoline fuel nozzle is inserted into the fuel-filler neck of your diesel vehicle, the smaller diameter fuel nozzle will not be able to simultaneously press the two safety tabs; this will prevent the fuel nozzle from being fully inserted into the fuel-filler neck.

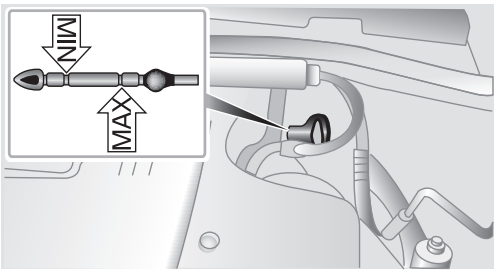

- ▷ To allow emergency filling of diesel fuel in locations using a commercial (truck) size diesel fuel filler nozzle which is larger than the nozzle for passenger cars, and/or for filling stations which dispense diesel fuel from a non-conforming sized nozzle, a diesel misfueling bypass adapter is included in your vehicle.
- ▷ The BMW diesel engine oil is different than oil used for BMW gasoline engines. For information on suitable engine oil for your vehicle, please refer to your vehicle's Owner's Manual.
- ▷ The X3 xDrive28d and X5 xDrive35d are equipped with a traditional dipstick located in the engine compartment.

To check the engine oil level:

1. Park the vehicle on a level surface with the engine at operating temperature (i.e., after driving continuously for at least 7 miles).

2. Turn the engine off.
3. Wait at least 5 minutes.
4. Pull the dipstick out and wipe dry with a lint-free cloth, paper towel or similar item.
5. Carefully push the dipstick fully into the tube, then pull out again.
6. The oil level must be between the two marks.

▷ The quantity of oil between the two marks is approximately 1 quart.

▷ The X3 xDrive28d and X5 xDrive35d are equipped with Selective Catalyst Reduction (SCR) technology. Diesel Exhaust Fluid (DEF) is injected into the exhaust system to help reduce the emissions of nitrogen oxides (NOx). DEF is designed to last until your next oil change before it needs to be refilled. However, depending on your vehicle needs, you can run out of DEF before you reach the interval. The instrument cluster warning lamp will warn you before DEF is depleted, starting at approximately 1,000 miles.

Refill DEF indicator lamp (yellow)

Note: If you continue to drive until the mileage reaches 0, a new warning will appear (NO START IN – – – MILES). **Once this warning appears, you will only be able to restart the engine one more time if this is done within 3 minutes of last shutting it off. Beyond this time interval, the engine will not restart until DEF is refilled!**

Empty DEF indicator lamp (red)

DEF is available from your nearest authorized BMW Service Center. Or, refer to your vehicle Owner's Manual for refilling DEF yourself.

▷ An additional warning lamp in the instrument cluster may illuminate if the diesel particulate filter requires service.

Diesel particulate filter indicator lamp

The BMW Maintenance Program

BMW Maintenance Program coverage is provided for the exclusive benefit of the initial purchaser, owner, or lessee of a new vehicle, sales demonstrator vehicle, Aftersales Mobility Program (AMP) vehicle, or BMW Group company vehicle from an authorized BMW center in the United States (including Puerto Rico).

Accordingly, BMW Maintenance Program coverage, with one exception, is not transferable to subsequent purchasers, owners, or lessees.

The sole exception to the non-transferability of BMW Maintenance Program coverage is that household transfers – transfers within the United States (including Puerto Rico) to members of the household of the initial purchaser, owner, or lessee of the vehicle from an authorized BMW center – will not terminate BMW Maintenance Program coverage. Household transfers are limited solely to transfers to a current or former spouse or spousal equivalent, child, sibling, parent, grandparent, or grandchild from the initial purchaser, owner, or lessee of the vehicle. In the event of a household transfer, please promptly advise your authorized BMW center to document and confirm the household transfer for purposes of BMW Maintenance Program coverage.

The payoff of a loan on a vehicle by the initial purchaser and the purchase of a leased vehicle by the initial lessee are not considered transfers for purposes of BMW Maintenance Program coverage.

Absent a transfer, a 2016 X1, X3, X4, X5 and X6 vehicle purchased from an authorized BMW center in the United States (including Puerto Rico) is covered by the BMW Maintenance Program for 48 months or 50,000 miles, whichever occurs first. Coverage begins on the date of first retail sale or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or BMW Group company vehicle, whichever is earlier.

Any authorized BMW center in the United States (including Puerto Rico) will perform the scheduled and/or additional maintenance services on your vehicle at no expense to you so long as your vehicle qualifies for coverage under the BMW Maintenance Program.

Coverage

The BMW Maintenance Program covers all factory-recommended maintenance, as determined by the Condition Based Service (CBS) system. Additional specific items that need replacement due to normal wear and tear, and that are not covered by the original New Vehicle Limited Warranty for Passenger Cars and Light Trucks – such as brake pads, brake rotors and wiper blade inserts – are included, provided wear and tear exceeds BMW specifications. Any applicable adjustments required due to normal operating conditions are also included. See pages 8–9 of this Booklet for additional information.

Exclusions from coverage include the following:

- ▷ Items reimbursable under your New Vehicle Limited Warranty
- ▷ Gasoline and diesel fuel
- ▷ Gasoline and diesel fuel additive
- ▷ Diesel glow plugs
- ▷ Diesel particulate filter
- ▷ Windshield washer additive (except when in conjunction with scheduled maintenance)
- ▷ Tires, wheel alignment, tire balance and rotation
- ▷ Parking brake shoes/linings
- ▷ Reset tire pressure monitor (X1 xDrive25i only)
- ▷ Wear and tear of soft trim items, such as: seats, carpets, moldings, headliner, door panels and all chrome trim
- ▷ Damage, including consequential, which results from negligence, improper operation of the vehicle, wear and tear or deterioration due to driving habits or conditions, improper repair, environmental influences, flood, accident or fire damage, road salt corrosion, alteration, installation of non-genuine BMW accessories, or use of improper, poor quality or contaminated fuel
- ▷ Altered or unreadable Vehicle Identification Number (VIN) or odometer irregularities or vehicles where the true mileage cannot be determined
- ▷ Maintenance or repair after the vehicle is deemed a total loss
- ▷ Maintenance or repairs performed by other than an authorized BMW center within the United States (including Puerto Rico)
- ▷ "Topping off" low fluids (e.g., engine oil, antifreeze, washer fluid, etc.) except when done in conjunction with a scheduled maintenance or other required maintenance work (as outlined in the customized maintenance checklist printout) that is performed during an applicable Maintenance Program period
- ▷ Vehicles used in competitive events
- ▷ Oil changes performed outside the recommended maintenance intervals as indicated by the Condition Based Service
- ▷ DEF top-ups performed outside the recommended maintenance intervals as indicated by the Service Interval Display (X3 xDrive28d and X5 xDrive35d only)

Maintenance Upgrade Option

BMW recommends you contact your authorized BMW center for information regarding the purchase of optional Maintenance Program Upgrades. Eligibility and coverage exclusions may apply.

Intervals

Time intervals should be followed using the maintenance interval as indicated by the Condition Based Service (CBS) display.

Maintenance intervals on motor vehicles have conventionally been specified based upon accumulated mileage. However, driving conditions have a major influence on routine maintenance requirements; distance traveled is only one of the significant factors. A vehicle driven for 50,000 miles of short trips in the city with numerous cold starts, prolonged periods of idling, stop-and-go driving, and high engine speeds during acceleration requires more frequent maintenance intervals than a vehicle driven for 50,000 miles for long distances at low engine speeds primarily at operating temperature.

The advanced technologies at BMW have led to the development of the unique BMW Condition Based Service (CBS) system which computes the actual optimum maintenance requirements based not only upon the accumulated mileage, but taking into account important factors such as high or low engine speeds, and short or long trip driving.

Condition Based Service (CBS)

CBS is a further development of the Service Interval Indicator System.

The remaining times for selected maintenance tasks as well as any legally prescribed dates are displayed to you individually:

- ▷ Engine oil
- ▷ Brakes – front and rear separately*
- ▷ Brake fluid
- ▷ Vehicle check
- ▷ Required State Inspection(s)

CBS thus determines the current and future maintenance requirements. This data can also be read from the vehicle key by your BMW Service Advisor and used to propose the optimum scope of maintenance.

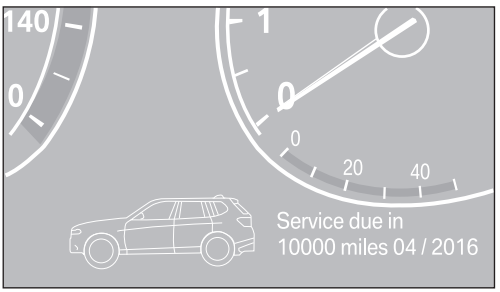

*The X1's front or rear brake pads will be indicated separately only once the respective pad wear sensors detect approximately 2,000 remaining miles.

BMW recommends that you have maintenance and repair work performed by your authorized BMW center.

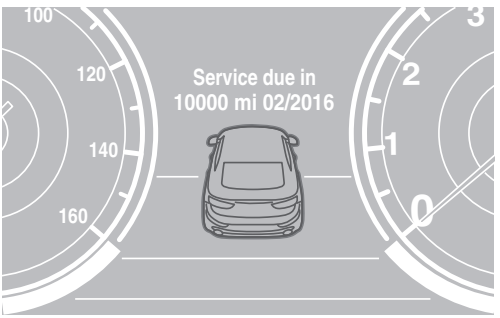

Disconnecting the battery during periods of long-term storage will interrupt the calculation of time-based services. BMW recommends that you have all items requiring time-based maintenance, such as brake fluid and coolant, and possibly also the engine oil, brought up to date by your authorized BMW center. Also see the section on battery care on page 10 of this Booklet.◀

Service Required Display

Info Display screen contents

X3 shown; X1, X4 and X5 are similar

X6 only

The distance remaining until your next service briefly appears when you switch on the ignition.

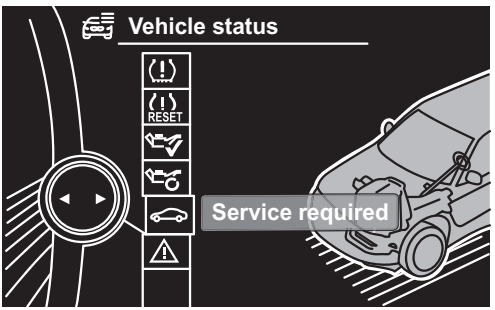

For certain maintenance operations, you can view the respective distance remaining or due date individually in the Control Display (see page 6).

Control Display screen contents

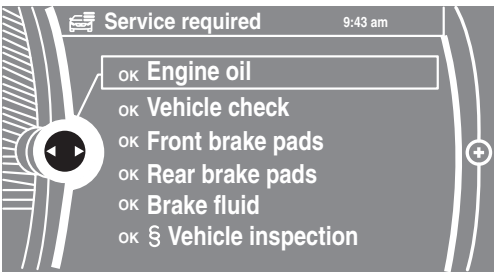

For models equipped with iDrive, the current Status of Service items determined by the CBS are shown in the Control Display.

You can also view additional information on the service and maintenance requirements.

1. Open the start menu.
2. Press the controller to select the i-menu.
3. Select “Vehicle info” and press the controller.
4. Select “Vehicle status” and press the controller.
5. Rotate the controller to the “Service required” icon, then press the controller.

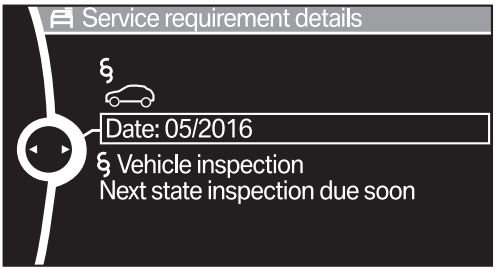

A list of selected maintenance operations and, if applicable, inspections required by law is displayed.

You can request more detailed information on every entry.

Turn the controller to scroll through the list, then confirm the selected entry.

To exit from the menu:

Select the ↰ arrow and press the controller.

Symbols

OK No service is currently required.

△ The deadline for service or a state inspection is approaching.*

⚠ The service deadline has already passed.

*BMW recommends you contact your authorized BMW center for an appointment when this “Service/Information — Approaching Deadline” symbol displays in place of “OK.”

The current service status is automatically saved in the vehicle’s key. The Service Advisor at your authorized BMW center has a device called a key reader. When your Service Advisor inserts your key into the key reader, all pertinent vehicle and servicing data will be available, and a customized maintenance checklist is printed out based on the specific operations called for by the Condition Based Service.

Special Note – Maintenance Intervals

The maintenance requirements for your vehicle are determined dynamically by the Condition Based Service (CBS) system. The maintenance items stated herein reflect the latest information available at the time of the printing of this Booklet, and are subject to change.

The completion of certain subsequent maintenance items or services, as required to properly maintain your vehicle, will be specified at intervals computed by the BMW Condition Based Service system as follows:

▷ Oil Service: Engine oil should be changed with the engine at operating temperature.

The 2016 model year X1, X3 (except X3 xDrive28d, see below), X4, X5 (except X5 xDrive35d, see below) and X6 vehicles are factory-filled with BMW approved fully synthetic oil for gasoline engines.

The 2016 model year X3 xDrive28d and X5 xDrive 35d are factory-filled with BMW approved fully synthetic oil for diesel engines.

BMW recommends that you check your engine oil level whenever you add fuel to your vehicle. For information on checking your engine oil level, please refer to the Owner's Manual.

If an engine oil service is being performed or you need to add oil between oil changes, for the recommended engine oil for your BMW vehicle, please refer to the Owner's Manual.

The following maintenance services:

– Brake Fluid Service;
– Intake Air Cleaner Service;
– Oxygen Sensor Service;
– Spark Plug Service;
– Ventilation Microfilter Service,

must be performed when required as indicated by the following as applicable:

▷ The specified CBS engine oil service counter interval
▷ The time interval (the first occurrence is based on the vehicle's production date)
▷ The stated mileage for a "non-connected" maintenance service

Refer to pages 8–10 for additional information.

Additionally,

– The engine coolant has a long-term rating and does not need to be changed except for system repairs.
– Excluding the X5 xDrive40e, the automatic transmissions and the all-wheel drive transfer cases installed in BMW vehicles are factory-filled with long-term rated fluids. The transmission long-term rated fluid does not need to be changed except when necessary during repairs to the transmission.
– The transfer case long-term rated fluid does not need to be changed except when indicated by the vehicle or when necessary during repairs to the transfer case.

For your convenience, you may also wish to have your authorized BMW center perform any necessary operations to fulfill any state inspection requirements in your area, concurrent with the maintenance services specified above during other repairs. **Should you request more frequent maintenance service, the cost of these services will not be covered by the Maintenance Program.**

Quality Certification I

A pre-delivery "Quality Certification I" inspection is performed on all new BMW vehicles prior to their first delivery.

The Quality Certification I form details a list of items inspected on the vehicle and is provided to the owner at time of the first delivery. A copy of the form is on file with the authorized BMW center that performed this inspection.

Fuel Quality – Gasoline

Use fuels advertised to have adequate detergency and low alcohol (such as ethanol) content. Please refer to your Owner's Manual for important information on the fuel recommended for use in your vehicle. Use of fuels with insufficient detergent and/or excess alcohol can cause driveability problems that necessitate cleaning intake valves and fuel injection valves, and, when applicable, adjusting the engine idle. We recommend having this work performed by your authorized BMW center or another qualified service center, perhaps while regular maintenance is performed. Your authorized BMW center can also recommend a gasoline additive that will provide sufficient detergency. This recommended unscheduled maintenance, which may be necessitated by use of inappropriate fuels, is not required in order to maintain the emission warranty. It also is not covered by your vehicle's warranty because no defect in material or workmanship or component failure is involved.

Maintenance service summary

The Condition Based Service (CBS) system will determine the requirement for performing the maintenance services described in this section, ending on page 9. These services may be required either individually or in conjunction with other maintenance services.

Maintenance services are performed as outlined in this section, based on intervals of either time, mileage or after performing a specified number of previous services. These intervals correspond to the latest information available when this Booklet was printed. Maintenance intervals are subject to change with newer vehicles or may also apply retroactively. Your authorized BMW center will be able to advise and perform maintenance services as required by the most recent information that applies to your vehicle.

The maintenance services "connected to a specific CBS engine oil service" are outlined below.

Standard operations

Maintenance work:

- ▷ Verify Check Control messages.
- ▷ Check indicator and warning lights.
- ▷ Reset CBS display.
- ▷ Inspect tires, check tire pressure and reset Tire Pressure Monitor.
- ▷ Check parking brake functionality while the vehicle is being driven into the workshop.
- ▷ X5 xDrive40e only: Charge the high-voltage battery.
- ▷ X5 xDrive40e only: Check and record the customer's charge setting in the central display.

Engine oil

Maintenance work:

- ▷ Gasoline engines: Change the engine oil and oil filter (as shown in CBS). For the recommended engine oil for your BMW vehicle, please refer to the Owner's Manual.
- ▷ X3 xDrive28d and X5 xDrive35d only: For the recommended engine oil for your BMW vehicle, please refer to the Owner's Manual.
- ▷ Top up Diesel Exhaust Fluid (X3 xDrive28d and X5 xDrive35d only).

Maintenance services connected to a specific engine oil service*

*These additional connected services will not be shown in the vehicle's CBS display.

Maintenance work:

- ▷ After every 2nd Engine Oil Service: Ventilation microfilter: Replace ventilation microfilter.
- ▷ At every 3rd Engine Oil Service (X3 xDrive28d and X5 xDrive35d only): Intake air cleaner: Replace air filter element (reduce replacement interval in dusty operating conditions).
- ▷ At every 4th Engine Oil Service: (X3 xDrive28d and X5 xDrive35d only): Replace diesel fuel filter.
- ▷ At every 4th Engine Oil Service: (X1 only): Intake air cleaner: Replace air filter element (reduce replacement interval in dusty operating conditions).
- ▷ At every 5th Engine Oil Service (all models except X1, X3 xDrive28d and X5 xDrive35d): Intake air cleaner: Replace air filter element (reduce replacement interval in dusty operating conditions).

▷ At every 6th Engine Oil Service: Replace the automatic transmission fluid (X5 xDrive40e only). Vehicles with long-term rated automatic transmission fluid do not require a fluid change.

Maintenance services that display in CBS

Front brakes

Maintenance work:

▷ Replace brake pads, clean brake pad contact points in calipers.

▷ Brake discs: Check surface and thickness; replace as necessary.

Rear brakes

Maintenance work:

▷ Replace brake pads, clean brake pad contact points in calipers.

▷ Brake discs: Check surface and thickness; replace as necessary.

▷ Parking brake: Repair or replace parking brake shoes/linings only if a reduction in the brake's effectiveness is noted. When fitted, parking brake shoes/linings are excluded from coverage under the BMW Maintenance Program.

Vehicle check

Maintenance work:

▷ Check operation of horn, headlight flasher and hazard warning flashers.

▷ Check instrument and control lighting and heater/air-conditioning blower.

▷ Check lighting system: turn signals, back-up, license plate, interior (incl. map, reading lights), glovebox, luggage area lights.

▷ Safety belts: Check condition and function.

▷ Check windshield wipers and washer jet positions.

▷ Tires: Check tread depth, wear pattern, outer condition, inflation pressure (also spare tire, if equipped). If necessary, correct pressure (also spare).

▷ Reset tire pressure monitor.

▷ 12V Battery: Check state of charge (magic eye) and charge if required.

▷ Visually inspect all SRS airbag units for torn covers, obvious damage or attachment of stickers.

▷ Rear-view mirrors, optional rear-view camera.

▷ Engine coolant: Check fluid level and concentration.

– X5 xDrive40e only: Check coolant level and concentration in both reservoirs (for gasoline engine and electric motor electronics).

▷ Windshield washer and intensive cleaning systems: Check protection level, fluid level; top off if necessary.

▷ X5 xDrive40e only: Check the occasional use charging cable for damage (cuts, breakage, deformation), corrosion and wear.

▷ X5 xDrive40e only: Check the charging cable port for damage, corrosion and wear.

▷ Brake system connections and lines: Check for leaks, damage and correct positioning.

▷ Underbody, incl. all visible parts (i.e., transmission, rear axle, fuel lines, exhaust system): Check for damage, leaks and corrosion.

▷ Steering components: Check for clearance, leaks, damage and wear.

▷ Final Inspection: Road test with check of:

– Brakes

– Steering

– Shock absorbers (visual)

– Transmission

Brake fluid

Maintenance work:

▷ Replace brake fluid.

Spark plugs (connected to specific Engine Oil Service)*

Maintenance work:

▷ Replace spark plugs at every 6th Engine Oil Service (approximately 60,000 miles).

*Not applicable for X3 xDrive28d and X5 xDrive35d.

Emission Control Maintenance Schedule

The maintenance schedule as shown is required for the proper functioning of the emission control systems for optimum vehicle performance and fuel economy.

Basic Engine	
Engine oil	As specified by CBS
Engine oil filter	As specified by CBS
Connected maintenance service item intervals:	
Fuel System	
Air filter (X3 xDrive28d and X5 xDrive35d only)	Replace at every 3rd Engine Oil Service
Air filter (X1 only)	Replace at every 4th Engine Oil Service
Air filter (all models except X1, X3 xDrive28d and X5 xDrive35d)	Replace at every 5th Engine Oil Service
Diesel fuel filter	Replace at every 4th Engine Oil Service
Ignition System (except X3 xDrive28d and X5 xDrive35d)	
Spark plugs	At every 6th Engine Oil Service (approximately 60,000 miles)
Emission Control Components	
Oxygen sensor	Replace at intervals of 120,000 miles

Oxygen Sensor Service: The oxygen sensor deteriorates strictly on a mileage basis and must therefore be replaced to maximize vehicle fuel economy and minimize exhaust pollution.

12 Volt Battery Care*

If your vehicle is driven only for short distances of less than 10 miles over a prolonged period of time, without an occasional drive at highway speeds, the engine's charging system will not maintain the battery. Insufficient use of the vehicle could result in short term starting problems and in the long term could damage the battery.

In case your vehicle is not operated for several weeks, it is advisable to:

- ▷ consider using a proper trickle charger, following the charger manufacturer's instructions, to maintain the battery's state of charge; or
- ▷ consult your authorized BMW center or another qualified service center regarding battery removal. Once removed, the battery must be charged and stored in a cool, dry place where it can be protected from freezing. If the battery will be stored for over 3 months, it must be recharged every 3 months, or else it will become damaged and useless.

Please consult with your authorized BMW center or another qualified service center for further guidance and information.

*For the X5 xDrive40e, the information above refers to the 12-volt service battery and not the high-voltage battery.

High-Voltage Lithium-Ion Battery Care and Repairs

The BMW X5 xDrive40e is powered by a high-voltage lithium-ion battery enclosed in a self-contained system. Opening or removing the self-contained system creates a genuine risk of severe damage to the high-voltage lithium-ion battery as well as personal injury, including fatal electrocution.

The high-voltage lithium-ion battery requires no maintenance except for keeping the vehicle's high-voltage lithium-ion battery charged to proper specifications; refer to the Owner's Manual.

For the entire duration of the high-voltage lithium-ion battery Limited Warranty and the high-voltage lithium-ion battery Capacity Coverage, repairs performed according to limited warranties and capacity coverage are provided without charge. The vehicle should be taken to an authorized BMW center to have these repairs performed by specially trained personnel under the terms of the high-voltage lithium-ion battery Limited Warranty and the high-voltage lithium-ion battery Capacity Coverage.

Corrosion Protection

Extensive corrosion protection measures implemented by BMW now make it possible to offer a 12-year unlimited mileage anti-corrosion warranty against rust perforation on your vehicle provided that the vehicle is properly maintained. Information on proper maintenance is available in this Booklet and your vehicle's Owner's Manual.

The major degree of corrosion protection is due to the electrophoretic dip painting process which cathodically deposits paint particles on all body parts, attracting paint particles into the minutest cavities or seams. Body parts are designed to provide optimum corrosion protection.

During manufacture, exterior body parts receive an additional corrosion protection coat. Hood, trunk, doors and other body parts with metal folds are coated with PVC and sealed from the outside.

All floor panels receive a resilient coating of PVC for maximum protection against damage due to stones, etc.

Corrosion protection materials tested over many years are applied to the surfaces of cavities and to the entire underside of the vehicle during and after assembly.

For additional information on the 12-year unlimited mileage anti-corrosion warranty, see the Warranty Section of this Booklet (page 23).

Restoring corrosion protection

Please take care that anti-corrosion material is replaced when your car is repaired after body or chassis damage.

Underbody maintenance

The underbody has to be cleaned at least once a year, in Spring, with plain water in order to remove mud, chemical sediments and other deposits. If those materials are not removed, corrosion (rust) will occur.

Your authorized BMW center can do this anti-corrosion service for you.

Do not apply additional undercoating or rust-proofing on or near the exhaust manifold, exhaust pipes, catalytic converter or heat shields. During driving, the substance used for undercoating could overheat and cause a fire.◀

BMW Roadside Assistance

The BMW Roadside Assistance Program reflects BMW's commitment to your complete satisfaction with the BMW ownership experience.

It's available for U.S. version BMWs in all 50 states, Canada, and Puerto Rico 24 hours a day, 365 days a year.

It's a valuable benefit provided to you at no additional cost. (Subject to certain limitations and exclusions noted on page 14.)

The BMW Roadside Assistance Program is not a warranty and does not affect your rights under the New Vehicle Limited Warranty for Passenger Cars and Light Trucks.

Services provided by a third-party business partner.

BMW Roadside Assistance Smartphone Application

The free BMW Roadside Assistance Smartphone App dispatches fast, reliable service to your BMW. For more details and to download the App for your iPhone®, Android™ or Windows Mobile® Smartphone, visit http://roadsidemobile.com/bmw

Owner's Eligibility

You are covered if your vehicle is:

- ▷ A new BMW vehicle, distributed by BMW NA, and purchased at an authorized BMW center, OR;
- ▷ A new BMW vehicle, purchased under the BMW NA European Delivery Plan, OR;
- ▷ A new, U.S. version, BMW vehicle purchased under the Diplomatic or Military Sales programs, operated in any of the 50 states, Canada and Puerto Rico.

The vehicle itself is covered when driven by any authorized driver.

Protection as determined by the vehicle's original in-service date:

New BMWs — Protection is provided for 4 years/unlimited miles.
Certified Pre-Owned BMWs — 5 years or 6 years (as applicable)/unlimited miles.

NOTE: This protection does not affect the new vehicle limited warranty coverage, which remains at 4 years/50,000 miles, or the applicable Certified Pre-Owned BMW time and mileage coverage.

Getting Started

For your convenience, a decal showing Roadside Assistance information has been affixed on the driver's side of the windshield and in the rear compartment area.

Calling For Assistance

The toll-free BMW Roadside Assistance number (1 800 332-4269) is answered by a BMW Roadside Assistance service representative. In order for you to receive quick and reliable services, it is essential that you provide detailed and accurate information to the service representative.

Be prepared to give:

- ▷ Your name
- ▷ Your complete Vehicle Identification Number (found on your vehicle registration, or on the bottom driver's side of your windshield)
- ▷ Model description of your vehicle
- ▷ License plate number of your vehicle
- ▷ Vehicle location (including nearby crossroads/ intersections, highway mile markers, street numbers, landmarks, etc.)
- ▷ Location you are calling from (including a telephone number where you can be reached). If you are calling from a public phone, wait there for the return call. Do not leave this location without informing the Roadside Assistance service representative.
- ▷ A description of your vehicle's problem. Specific and accurate information will enable the Roadside Assistance service representative to provide the proper help.

Note: If you are using the free BMW Roadside Assistance Smartphone App, the information above is not required.

Emergency Valet Service. Should there be a need beyond BMW Roadside Assistance, Emergency Valet will provide a personal assistant who will help in every way to get you to your final destination. Emergency Valet will help you locate a rental car or taxi agency, hotel or even help procure airline reservations. In the event of an emergency, this service will assist you in getting information out to the proper party, whether it is business or personal. If we are unable to contact one of your party, the message relay service will document the information, and will make reasonable efforts to deliver the message to the message recipient.

Personal Trip Routing. Leave the planning to us. Simply give one of our Roadside Assistance service representatives a call, and we will provide you with a detailed, easy to read, computerized trip itinerary and companion map package. Please allow up to two weeks to process your request.

Services

From the information you provide, the BMW Roadside Assistance service representative will determine the type of help required.

Dispatch Service

A service provider will be dispatched to the site of your disabled vehicle.

On-Site Assistance

On-site service for vehicle disablements, such as flat tires, dead batteries, and out of fuel conditions, is provided up to a maximum of $100.00 per incident by BMW Roadside Assistance.

The cost for parts and fuel, when used on-site, is the responsibility of the owner/driver. The New Vehicle Limited Warranty for Passenger Cars and Light Trucks does not cover any of the above on-site services.

Lock-Out

Your BMW is equipped with an advanced entry system, which cannot be bypassed by traditional locksmith methods without significant damage to your vehicle. However, in the event that you find yourself locked out, a simple telephone call to Roadside Assistance will help you get back on the road. A representative will help you find transportation or arrange towing service to the nearest authorized BMW center. Related towing costs will be compensated up to $100.00 per incident. You, or the person driving your vehicle, are responsible for any expenses related to replacement keys.

Towing Service

In the event of a mechanical breakdown normally covered under the New Vehicle Limited Warranty for Passenger Cars and Light Trucks, your vehicle will be transported (at no cost) to the nearest authorized BMW center. Towing to the nearest authorized BMW center is also covered in the event of an accident or collision.

If a breakdown occurs after normal business hours, your vehicle will be transported to a secure location and transported to the nearest authorized BMW center on the next business day.

If you request that the vehicle be taken to a location other than the nearest authorized BMW center, any additional expense will be your responsibility.

However, you may request (at no cost) to be taken to a different authorized BMW center as long as it is within 50 additional miles of the "nearest" authorized BMW center.

Towing requests for vehicles disabled because of casualty, fire, act of God, or violation of law (federal, state or local) are provided at the expense of the owner/driver.

If it is necessary for you to have your vehicle towed through your own arrangements, **you must contact BMW Roadside Assistance for prior authorization and instructions on claim procedures.** All claims must be submitted within sixty (60) days of the disablement or occurrence, accompanied by the original receipts. Claims received after that time period may be dishonored and are subject to the full discretion of BMW Roadside Assistance. If BMW Roadside Assistance is not contacted for "prior" authorization, the maximum coverage for towing is $100.00.

Sign-and-Drive

Typically, if you are within the terms of your warranty, the services you receive under the BMW Roadside Assistance program will not require payment. In most cases, you will simply sign a receipt from the provider of services.

Trip Interruption Benefits

Trip interruption benefits are provided for mechanical breakdowns as follows:

- ▷ Breakdowns that are warranty related, and;
- ▷ Must occur in excess of 100 miles from the driver's primary residence, and;
- ▷ Repairs cannot be completed during normal business hours on the same day of breakdown.

Reimbursements will be made for meals, lodging, car rentals, and alternate transportation to bring the driver and the BMW together after the vehicle has been repaired by an authorized BMW center. Original receipts must accompany all reimbursement requests.

Trip interruption coverage is limited to $1,000.00 per incident, for a maximum of five days per incident.

Always contact BMW Roadside Assistance for trip interruption benefits. They will assist in making all the necessary arrangements.

Car Rental Discounts

Discounts are available from several car rental companies. Benefits may vary with each company and location, and are subject to change without notice.

Simply use the following information to receive your discount:

Avis®:
Discount Code: B769775
1 800 331-1212

Budget®:
Discount Code: T464331
1 800 527-0700

Enterprise®:
Discount Code: NA24109
1 800 RENT-A-CAR

Hertz®:
Discount Code: CDP#1646338
1 888 204-0234

Exclusions

Specifically excluded from coverage are:

- ▷ Fines, taxes, or impound towing fees caused by a violation of local or state law.
- ▷ Expenses related to extreme adverse weather conditions, including, but not limited to, floods, hurricanes and tornadoes (removal from water, snow, ice, etc.).
- ▷ Expenses for the removal of snow tires, and mounting or removal of snow chains.

Customer Assistance Information

Your satisfaction with our product and the services provided by authorized BMW centers is of great importance to us. We take pride in our product, as does the authorized BMW center who services it. If you should ever have a question regarding your authorized BMW center's service or your BMW's performance, we recommend that you contact your authorized BMW center.

When contacting an authorized BMW center, we suggest that depending upon the nature of your contact, you discuss it with either the Sales, Service, or Parts Manager.

As all matters are resolved at the authorized BMW center level, it is important that they be given the opportunity to provide a solution. Should you feel that you were not provided with the proper response, we urge you to contact the General Manager or authorized BMW Center Operator.

Despite the best intentions of all parties, a misunderstanding may occur between you and your authorized BMW center. Should this occur and you require further assistance, please contact the BMW NA Customer Relations and Services Department at:

Telephone: 1 800 831-1117

Email: customerrelations@bmwusa.com

Website: www.bmwusa.com

When contacting us, we ask that you provide the following information:

- ▷ Your name, address and telephone number
- ▷ Vehicle Identification Number (last seven digits)
- ▷ Vehicle delivery date
- ▷ Vehicle mileage
- ▷ Selling authorized BMW center's name
- ▷ Servicing authorized BMW center's name
- ▷ Description of the problem

A BMW NA Customer Relations and Services Representative will carefully review all the facts involved and let you know what further action will be taken in conjunction with your authorized BMW center. Please remember: the first step in resolving a complaint is to contact the authorized BMW center that performed the work on your vehicle. They have the necessary equipment and the personnel to achieve this goal.

We are confident that every effort will be made to ensure your satisfaction.

Customer Assistance – Notification

During a specific period (the earlier of 12 months or 12,000 miles, though this period varies by state), some states require us or our authorized BMW center, to repair in a reasonable number of attempts, any defect or condition which substantially impairs the use, value, or safety of a new vehicle sold, leased or registered in that state.

A "reasonable number of attempts" is generally defined as (i) four or more attempts to repair the same defect (the number of attempts vary by state) or (ii) the vehicle is out of service by reason of one or more repair(s) for more than a cumulative total of 30 days (this period varies by state), except for delays created by conditions beyond our control.

If we are unable to correct a defect or condition covered by these statutes in a reasonable number of attempts, we may be obligated either to replace the vehicle or reimburse the owner/lessee in an amount equal to the purchase price or lease payments paid by the owner/lessee, less the amount directly attributable to use of the vehicle by the owner/lessee.

You should send written notification directly to BMW of North America, LLC of the existence of an alleged defect. Send written communication to the Customer Relations and Services Department address listed below.

BMW of North America, LLC
Customer Relations and Services Department
P.O. Box 1227
Westwood, NJ 07675-1227

Telephone: 1 800 831-1117

Email: customerrelations@bmwusa.com

IMPORTANT: IF THIS VEHICLE HAS A DEFECT THAT SUBSTANTIALLY AFFECTS ITS USE, VALUE OR SECURITY, OR THAT MAY CAUSE DEATH OR SERIOUS BODILY INJURY IF DRIVEN, AND WAS PURCHASED, LEASED OR REGISTERED IN NEW JERSEY, YOU MAY HAVE THE RIGHT UNDER THE LEMON LAW IN THE STATE OF NEW JERSEY TO A REFUND OF THE PRICE OF PURCHASE OR TO YOUR LEASE PAYMENTS.

Here is a summary of your rights:

1. To qualify for compensation under the New Jersey lemon law, you must give the manufacturer or your dealer opportunity to repair or correct the defect of the vehicle within the terms of protection under the lemon law, which are the first 24,000 miles of operation or two years after the date of original date of delivery or whichever comes first.
2. If the manufacturer or your dealer cannot fix or correct the defect within a reasonable amount of time, you may have the right to return the vehicle and receive a full refund, less a discount for the use of the vehicle.
3. If it is assumed that the manufacturer or your dealer cannot repair or correct the defect and if the same defect continues to substantially exist after that the manufacturer has received a notice of the defect, sent by certified mail with return receipt, and has had a final chance to correct the defect or condition within 10 days of receiving the notice. This notice must be received by the manufacturer within the terms of protection and can only be given after (i) the manufacturer or your dealer has attempted two or more times to correct the defect; (ii) the manufacturer or your dealer has attempted, at least once, to correct the defect if the defect is one which can cause death or serious bodily injury if the vehicle is operated; or (iii) the vehicle has been out of service for repairs by a total of 20 calendar days accumulation or more, or in the case of a rolling motorized house (motorhome) 45 days or more.
4. If the same defect substantially continues to exist after the manufacturer has had the last opportunity to repair or correct the defect, you may file a claim for compensation under the New Jersey lemon law.

FOR COMPLETE INFORMATION ABOUT YOUR RIGHTS AND RESOURCES UNDER THIS LAW, INCLUDING THE MANUFACTURER'S ADDRESS FOR NOTIFICATION OF THE DEFECT, PLEASE CONTACT: NEW JERSEY DEPARTMENT OF LAW AND PUBLIC SAFETY, DIVISION OF CONSUMER AFFAIRS, LEMON LAW UNIT, POST OFFICE BOX 45026, NEWARK, NEW JERSEY 07101, PHONE NUMBER: 1 973 504-6226.

IMPORTANTE: SI EL VEHÍCULO TIENE UN DEFECTO QUE AFECTE DE MANERA SUSTANCIAL SU USO, VALOR O SEGURIDAD, O QUE PUEDA CAUSAR LA MUERTE O LESIONES CORPORALES GRAVES SI SE MANEJA, Y SE COMPRÓ, ARRENDÓ O REGISTRÓ EN NUEVA JERSEY, PUEDE TENER DERECHO EN LOS TÉRMINOS DE LA LEY SOBRE DEFECTOS CONOCIDA COMO ″LEMON LAW″ DEL ESTADO DE NUEVA JERSEY A UN REEMBOLSO DEL PRECIO DE COMPRA O DEL PAGO DEL ARRENDAMIENTO.

Aquí le damos un sumario de sus derechos:

1. Para tener derecho a una indemnización en los términos de la ″Lemon Law″ de Nueva Jersey, debe dar el fabricante o a su concesionaria la oportunidad de reparar o corregir el defecto del vehículo dentro de los plazos de protección que establece esta ley, que son las primeras 24,000 millas de operación o dos años a partir de la fecha de entrega original, lo que ocurra primero.
2. Si el fabricante o su concesionaria no pueden arreglar o corregir el defecto en un plazo razonable, puede tener derecho a devolver el vehículo y recibir un reembolso íntegro, menos un descuento por el uso del vehículo.
3. Se da por sentado que el fabricante o su concesionaria no pueden reparar o corregir el defecto si el mismo defecto continúa existiendo de manera sustancial después de que el fabricante ha recibido una notificación del defecto enviada por correo certificado con acuse de recibo, y ha tenido un última oportunidad de corregir el defecto o problema en los 10 días posteriores a la recepción de la notificación. Esta notificación debe ser recibida por el fabricante dentro de los plazos de protección y sólo se puede dar después de que (i) el fabricante o su concesionaria han intentado dos o más veces corregir el defecto, (ii) el fabricante o su concesionaria han intentado, al menos una vez, corregir el defecto si este puede causar la muerte o lesiones corporales graves si se maneja el vehículo, o (iii) el vehículo ha estado fuera de servicio por reparaciones un total de 20 días calendario o más, o en el caso de una casa rodante motorizada (casa rodante), 45 días o más.
4. Si el mismo defecto sigue existiendo de manera sustancial después de que el fabricante ha tenido la última oportunidad de reparar o corregir dicho defecto, puede presentar una reclamación de indemnización en los términos de la ″Lemon Law″ de Nueva Jersey.

SI DESEA MÁS INFORMACIÓN ACERCA DE SUS DERECHOS Y RECURSOS EN LOS TÉRMINOS DE ESTA LEY, INCLUIDA LA DIRECCIÓN DEL FABRICANTE PARA NOTIFICACIONES DE DEFECTOS, ESTOS SON LOS DATOS DE CONTACTO: NEW JERSEY DEPARTAMENT OF LAW AND PUBLIC SAFETY, DIVISION OF CONSUMER AFFAIRS, LEMON LAW UNIT, POST OFFICE BOX 45026, NEWARK, NEW JERSEY 07101, TELÉFONO: 1 973 504-6226.

BBB Auto Line

If your concern is still not resolved to your satisfaction, BMW NA offers additional assistance through BBB AUTO LINE in ARKANSAS, CALIFORNIA, GEORGIA, IDAHO, IOWA, KENTUCKY, MARYLAND, MASSACHUSETTS, MINNESOTA, PENNSYLVANIA, and VIRGINIA. BBB AUTO LINE is a dispute resolution program administered by the Council of Better Business Bureaus. BBB AUTO LINE resolves disputes through mediation or arbitration. Mediation is an informal proceeding whereby a neutral third party (mediator) helps the parties to find an acceptable resolution. Arbitration is also an informal proceeding in which an impartial third party renders a decision after a hearing at which both parties have an opportunity to be heard. You can select mediation or arbitration or both.

The program is free of charge to you, the consumer, but there are some minimum requirements for participation in the program. Please contact BBB AUTO LINE at the address or phone number listed below for more details:

BBB AUTO LINE
3033 Wilson Boulevard, Suite 600
Arlington, VA 22201
1 800 955-5100

If you wish to use the program and you qualify for participation, you will be required to provide the following information:

- ▷ Your name and address
- ▷ The Vehicle Identification Number (VIN)
- ▷ The make, model and year of your vehicle
- ▷ A description of the problem with your vehicle

BBB AUTO LINE will also ask you for other information that may help resolve your concerns, such as the purchase price of your vehicle, any mileage at the time of purchase, the current mileage, and copies of repair orders.

BBB AUTO LINE will notify you when your claim has been filed. If you decide to arbitrate, you may attend the hearing in person or by telephone. You may bring witnesses and give supporting evidence. You may also submit your claim in writing and ask for a decision on the documents you submit, without attending a hearing. BBB AUTO LINE will usually render a decision within 40 days from the time you file your complaint. The decision is binding on BMW NA if you decide to accept it. BMW NA must comply with the decision within the time frame specified by the arbitrator.

Important: You must use BBB AUTO LINE before asserting in court any rights or remedies created by the Magnuson Moss Warranty Act, ("The Act") 15 U.S.C. Sec. 2301, et seq. You may also be required to use BBB AUTO LINE before seeking remedies under your state's Lemon Law. If you choose to seek redress by pursuing rights and remedies not created by Title 1 of Magnuson Moss Warranty Act, prior resort to the BBB AUTO LINE is not required by any provision of the Act.

California Residents

1. BMW OF NORTH AMERICA, LLC (BMW NA) participates in **BBB** AUTO LINE, a mediation/arbitration program administered by the Council of Better Business Bureaus [3033 Wilson Boulevard, Arlington, Virginia 22201] through local Better Business Bureaus. The Arbitration Certification Program of the California Department of Consumer Affairs has certified **BBB** AUTO LINE and BMW NA.
2. If you have a problem arising under a BMW NA written warranty, we encourage you to bring it to our attention. If we are unable to resolve it, you may file a claim with **BBB** AUTO LINE. Claims must be filed with **BBB** AUTO LINE within six (6) months after the expiration of the warranty.
3. To file a claim with **BBB** AUTO LINE, call 1 800 955-5100. There is no charge for the call.

4. In order to file a claim with **BBB** AUTO LINE, you will have to provide your name and address, the brand name and Vehicle Identification Number (VIN) of your vehicle, and a statement of the nature of your problem or complaint. You will also be asked to provide: the approximate date of your acquisition of the vehicle, the vehicle's current mileage, the approximate date and mileage at the time any problem(s) were first brought to the attention of BMW NA or one of our dealers, and a statement of the relief you are seeking. There is no charge to the customer in bringing this claim.

5. **BBB** AUTO LINE staff may try to help resolve your dispute through mediation. If mediation is not successful, or if you do not wish to participate in mediation, claims within the program's jurisdiction may be presented to an arbitrator at an informal hearing. The arbitrator's decision should ordinarily be issued within 40 days from the time your complaint is filed; there may be a delay of 7 days if you did not first contact BMW NA about your problem, or a delay of up to 30 days if the arbitrator requests an inspection/report by an impartial technical expert or further investigation and report by **BBB** AUTO LINE.

6. You are required to use **BBB** AUTO LINE before asserting in court any rights or remedies conferred by California Civil Code Section 1793.22. You are not required to use **BBB** AUTO LINE before pursuing rights and remedies under any other state or federal law. You are also required to use **BBB** AUTO LINE before exercising rights or seeking remedies created by Title I of the Magnuson-Moss Warranty Act, 15 U.S.C. sec. 2301 et seq. If you choose to seek redress by pursuing rights and remedies not created by California Civil Code Section 1793.22 or Title I of the Magnuson-Moss Warranty Act, resort to **BBB** AUTO LINE is not required by those statutes.

7. California Civil Code Section 1793.2(d) requires that, if BMW NA or its representative is unable to repair a new motor vehicle to conform to the vehicle's applicable express warranty after a reasonable number of attempts, BMW NA may be required to replace or repurchase the vehicle. California Civil Code Section 1793.22(b) creates a presumption that BMW NA has had a reasonable number of attempts to conform the vehicle to its applicable express warranties if, within 18 months from delivery to the buyer or 18,000 miles on the vehicle's odometer, whichever occurs first, *one or more of the following occurs:*

   - The same nonconformity [a failure to conform to the written warranty that substantially impairs the use, value or safety of the vehicle] results in a condition that is likely to cause death or serious bodily injury if the vehicle is driven AND the nonconformity has been subject to repair two or more times by BMW NA or its agents AND the buyer or lessee has directly notified BMW NA of the need for the repair of the nonconformity; OR
   - The same nonconformity has been subject to repair 4 or more times by BMW NA or its agents AND the buyer has notified BMW NA of the need for the repair of the nonconformity; OR
   - The vehicle is out of service by reason of repair of nonconformities by BMW NA or its agents for a cumulative total of more than 30 calendar days after delivery of the vehicle to the buyer.

NOTICE TO BMW NA AS REQUIRED ABOVE SHALL BE SENT TO THE FOLLOWING ADDRESS:

BMW of North America, LLC
Customer Relations and Services Department
P.O. Box 1227
Westwood, NJ 07675-1227
1 800 831-1117
customerrelations@bmwusa.com

8. The following remedies may be sought in **BBB** AUTO LINE: repairs, reimbursement for money paid to repair a vehicle or other expenses incurred as a result of a vehicle nonconformity, repurchase or replacement of your vehicle and compensation for damages and remedies available under BMW NA's written warranty or applicable law.

9. The following remedies may not be sought in **BBB** AUTO LINE: punitive or multiple damages, attorneys' fees, or consequential damages other than as provided in California Civil Code Section 1794(a) and (b).

10. You may reject the decision issued by a **BBB** AUTO LINE arbitrator. If you reject the decision, you will be free to pursue further legal action. The arbitrator's decision and any findings will be admissible in a court action.

11. If you accept the arbitrator's decision, BMW NA will be bound by the decision, and will comply with the decision within a reasonable time not to exceed 30 days after we receive notice of your acceptance of the decision.

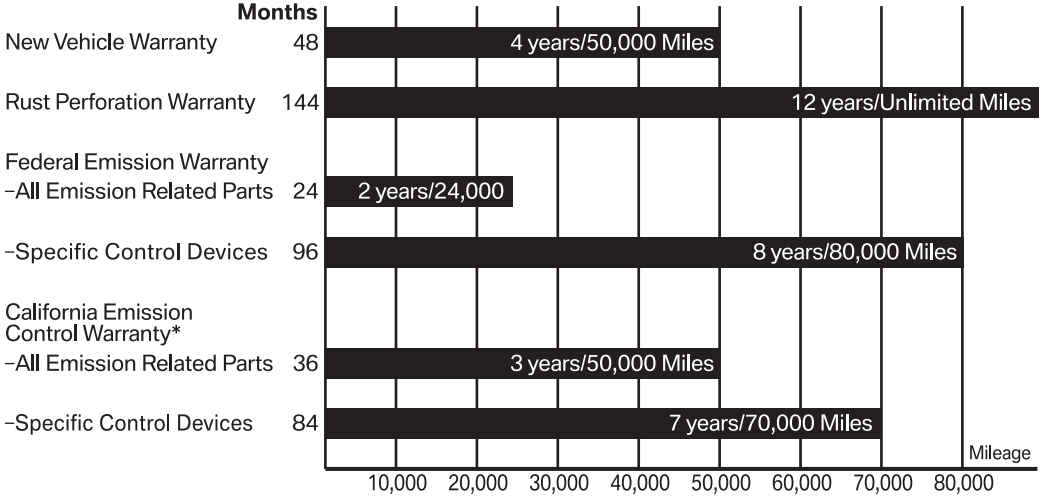

12. Please call **BBB** AUTO LINE at 1 800 955-5100 for further details about the program.

IDAHO Residents IMPORTANT: IF THIS VEHICLE IS DEFECTIVE, YOU MAY BE ENTITLED UNDER THE STATE'S LEMON LAW TO REPLACEMENT OF IT OR A REFUND OF ITS PURCHASE PRICE OR YOUR LEASE PAYMENTS. HOWEVER, TO BE ENTITLED TO REFUND OR REPLACEMENT, YOU MUST FIRST NOTIFY THE MANUFACTURER, ITS AGENT, OR ITS AUTHORIZED DEALER OF THE PROBLEM IN WRITING AND GIVE THEM AN OPPORTUNITY TO REPAIR THE VEHICLE. YOU ALSO HAVE A RIGHT TO SUBMIT YOUR CASE TO THE CONSUMER ARBITRATION PROGRAM WHICH THE MANUFACTURER MUST OFFER IN THIS STATE.

Special Programs

SOMETIMES BMW OF NORTH AMERICA, LLC (BMW NA) OFFERS A SPECIAL ADJUSTMENT PROGRAM TO PAY ALL OR PART OF THE COST OF CERTAIN REPAIRS BEYOND THE TERMS OF THE WARRANTY. CHECK WITH YOUR AUTHORIZED BMW CENTER TO DETERMINE WHETHER ANY ADJUSTMENT PROGRAM IS APPLICABLE TO YOUR MOTOR VEHICLE.

Overview of BMW Limited Warranties

*The California Emissions Control System Limited Warranty applies to all 2016 U.S.-specification BMW vehicles registered in California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington. The California Emissions Control System Limited Warranty also applies to 2016 SULEV (PZEV) models registered in Delaware, Oregon, Pennsylvania and Washington. The SULEV (PZEV) models registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island and Vermont have different emissions warranty coverage; please refer to the SULEV (PZEV) section beginning on page 37.

The BMW limited warranties apply only to U.S.-specification BMW vehicles and covers eligible warranty repair or replacement work when the warranty service is performed at an authorized BMW center in the United States (including Puerto Rico), subject to all applicable exclusions and/or limitations.

New Vehicle Limited Warranty for Passenger Cars and Light Trucks — 2016 Models (Valid only in the U.S.A. including Puerto Rico)

Warrantor

BMW of North America, LLC (BMW NA) warrants during the Warranty Period the 2016 U.S.-specification BMW vehicles distributed by BMW NA or sold through the BMW NA European Delivery Program against defects in materials or workmanship to the first retail purchaser, and each subsequent purchaser.

Warranty Begins

Coverage begins on the date of first retail sale or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or company vehicle, whichever is earlier.

Warranty Period

The warranty period is 48 months or 50,000 miles, whichever occurs first, except for as noted below.

Warranty Coverage

To obtain warranty service coverage, the vehicle must be brought, upon discovery of a defect in material or workmanship, to the workshop of any authorized BMW center in the United States (including Puerto Rico), during normal business hours.

The authorized BMW center will, without charge for parts or labor, either repair or replace the defective part(s) using new or authorized remanufactured parts. The decision whether to repair or replace said part(s) is solely the prerogative of BMW NA. Parts for which replacements are made become the property of BMW NA. In all cases, a reasonable time must be allowed for warranty repairs to be completed after the vehicle is received by the authorized BMW center.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

Safety Belt Warranty – Kansas

Safety belts are covered under the New Vehicle Limited Warranty for Passenger Cars and Light Trucks for defects in material or workmanship for a period of 10 years, unlimited mileage from the date of purchase. In order to be eligible for this coverage, the vehicle must be a new vehicle retailed in the State of Kansas and the repair performed by an authorized BMW center in Kansas.

High-Voltage Lithium-Ion Battery Limited Warranty (X5 xDrive40e, produced on or after 6/1/2015)

BMW of North America, LLC (BMW NA) warrants the high-voltage lithium-ion battery assembly against defects in materials or workmanship for a period of 8 years/80,000 miles, whichever occurs first.

Battery performance and durability, including high-voltage lithium-ion batteries, is temperature-dependent. While battery capacity increases in higher temperatures, colder temperatures will lower the battery's capacity. Extreme high and/or low temperatures may impact the battery's service life.

Other Items

Wheel alignment, balancing and wiper blade inserts are covered up to the first 2,000 miles on the vehicle.

Items which are subject to wear and tear or deterioration due to driving habits or conditions, such as brake pads/linings, brake discs, clutch disc, pressure plate, filters, upholstery, trim and chrome items, paint finish, drive belts, glass, and similar items, their coverage is specifically limited to defects in material or workmanship.

Additionally, wood trim and leather upholstery have inherent variations in color and texture, dependent upon being properly cleaned and maintained. These items may lighten or darken due to age or exposure to sunlight; this is not a defect in materials or workmanship.

Battery performance and durability is temperature-dependent. While battery capacity increases in higher temperatures, colder temperatures will lower the battery's capacity. Extreme high and/or low temperatures may impact the battery's service life.

What is not covered:

Remote control transmitter battery replacement.

Damage, including consequential, which results from negligence, improper operation of the vehicle, improper repair, lack of or improper maintenance, environmental influences, flood, accident or fire damage, road salt corrosion, or use of improper or contaminated fuel.

Damage to the engine, transmission or any related component caused by improper shifting of the transmission.

Damage to the paint finish due to stone chips, nicks, dents, acid rain, industrial fallout, other environmental influences, and normal deterioration, such as fading, discoloration, or loss of luster, improper care/repair of "matte" paint finishes, as well as damage caused by lack of maintenance, excessive rubbing, the use of improper cleaners, polishes and/or waxes.

Maintenance services and parts when replaced during maintenance such as spark plugs (gasoline engines only), lubricants, fluids, engine tune-up parts, replacement of filters, coolant, and refrigerant.

Modification of the vehicle or installation of any performance accessories or components attached to the vehicle which alters the original engineering and/or operating specifications or which results in damage to the other original components, electrical interference, electrical short, radio static, water leaks and wind noise.

Tires are warranted by their respective manufacturer. See the Tire Warranty Statement on page 37.

Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires and suspension parts. This is more likely to occur with low-profile tires that provide less cushioning between the wheel and the road. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires.

Non-genuine BMW Parts – While you may elect to use non-genuine BMW parts for maintenance or repair services, BMW NA is not obligated to pay for repairs of the non-genuine BMW parts or for repairs of any damage resulting from the use of non-genuine parts.

This warranty shall be null and void if the Vehicle Identification Number (VIN) has been altered or cannot be read, if the odometer has been replaced or altered and the true mileage cannot be determined, if the vehicle has been declared a total loss or sold for salvage purposes, or if the vehicle has been used in any competitive event.

General

These warranties give you specific legal rights, and you may also have other rights which vary from state to state.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTIES HEREIN.

BMW NA HEREBY EXCLUDES INCIDENTAL AND CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF TIME, INCONVENIENCE, OR LOSS OF USE OF THE VEHICLE, FOR ANY BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, APPLICABLE TO THIS PRODUCT.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

Limited Warranty — Rust Perforation 2016 Models

BMW of North America, LLC (BMW NA) warrants this original vehicle against defects in materials or workmanship which will result in rust perforation of the vehicle body for a period of 12-years unlimited mileage. Coverage begins on the date of first retail sale or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or company vehicle, whichever is earlier.

To obtain warranty service coverage, the vehicle must be brought, upon discovery of any rust perforation, to the workshop of any authorized BMW center. The authorized BMW center will, without charge for parts or labor, either repair or replace the defective part(s). The decision whether to repair or replace said part(s) is solely the prerogative of BMW NA. Parts for which replacements are made become the property of BMW NA.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

BMW of North America, LLC (BMW NA) makes no other express warranty on this product except for the new vehicle warranty, rust perforation, or the emission system warranties.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTIES HEREIN.

BMW OF NORTH AMERICA, LLC (BMW NA) HEREBY EXCLUDES INCIDENTAL AND CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF TIME, INCONVENIENCE, OR LOSS OF USE OF THE VEHICLE, FOR ANY BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, APPLICABLE TO THIS PRODUCT.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Any legal claim or action arising from any express or implied warranty contained herein must be brought within 12 months of the date it arises.

This warranty does not apply to damage caused by negligence, improper accident damage repairs, or improper use.

This warranty shall be null and void if the Vehicle Identification Number (VIN) has been altered or cannot be read, if the odometer has been replaced or altered and the true mileage cannot be determined, if the vehicle has been declared a total loss or sold for salvage purposes, or if the vehicle has been used in any competitive event.

Federal Emissions System Defect Warranty (Valid only in the U.S.A. including Puerto Rico)

This warranty applies only to U.S.-specification vehicles distributed by BMW of North America, LLC (BMW NA) or sold through the BMW NA European Delivery Program.

In accordance with the defect warranty provisions of section 207(b) of the Clean Air Act, BMW NA warrants to the first retail purchaser, and each subsequent purchaser, that the vehicle (a) was designed, built and equipped so as to conform, at the time of sale, with all regulations of the U.S. Environmental Protection Agency applicable at the time of manufacture and (b) is free from defects in materials and workmanship which would cause it to fail to conform with applicable regulations for a period of 2 years or 24,000 miles, whichever occurs first, except for specific emission control components (as listed on page 26), for which the warranty period is 8 years or 80,000 miles, whichever occurs first.

Coverage begins on the date of first retail sale or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or company vehicle, whichever is earlier.

Warranty claims must be made as soon as reasonably possible after a defect is discovered. To make a claim, the vehicle must be brought to any authorized BMW center during normal business hours.

The authorized BMW center will, without charge for parts or labor (including diagnosis), either repair or replace the defective part, if any. The decision whether to repair or replace said parts is solely the prerogative of BMW NA and must be expected to correct the failure of the warranted part. Parts for which replacements are made become the property of BMW NA. In all cases, a reasonable time must be allowed for warranty repairs to be completed after the vehicle is received by the authorized BMW center.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

For assistance in determining which specific parts or components of your vehicle are covered under this warranty, please contact your authorized BMW center.

It is the owner's responsibility to have all scheduled inspection and maintenance services performed (at the owner's expense when applicable), as prescribed in the maintenance schedule for the BMW Emission Control System. Service intervals are computed by the Onboard BMW Condition Based Service system and displayed on the instrument panel. The instructions for proper maintenance and use can be found in the Owner's Manual. It is strongly recommended that any replacement parts used for maintenance, repair or replacement of emission control systems be certified BMW Service Parts or BMW Authorized Remanufactured Parts. Without invalidating this warranty, the owner may elect to have maintenance, repair or replacement of the emission control systems performed by any automotive repair establishment, or elect to use parts other than certified BMW Service Parts. However, the cost of such service or parts will not be covered under this warranty, except in emergency situations. In an emergency situation, where an authorized BMW center or a warranty replacement part is not reasonably available (within 30 days), repairs may be performed at any available service establishment using any equivalent part. BMW NA will reimburse the owner for such emergency repairs (including labor, parts and diagnosis not to exceed BMW NA rates for labor, parts, and diagnosis in said area) that are covered under this warranty. Replaced parts and paid invoices must be presented at an authorized BMW center as a condition of reimbursement for emergency repairs not performed by an authorized BMW center.

The use of replacement parts, which are not of equivalent quality, may impair the effectiveness of the emission control system. If other than certified BMW Service Parts or Authorized Remanufactured Parts are used for maintenance, repair or replacement of components affecting emission control, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to genuine BMW parts in performance and durability. BMW NA assumes no liability under this warranty with respect to parts other than genuine BMW parts.

However, the use of non-genuine BMW replacement parts or non-EPA certified parts does not invalidate the warranty on other components, unless non-genuine BMW parts or non-EPA certified parts cause damage to warranted parts.

What is not covered

This warranty does not cover malfunctions caused by any of the following: accident, flood, misuse, improper adjustment, modification, alteration, tampering, disconnection, improper or inadequate maintenance, for gasoline engines; the use of leaded fuel or fuels containing more than 10% ethanol, or other oxygenates with more than 2.8% oxygen by weight (i.e., more than 15% MTBE or more than 3% methanol plus an equivalent amount of co-solvent). For diesel engines, the use of leaded fuel or fuels other than as specified in the Owner's Manual.

The replacement of maintenance parts, such as spark plugs (gasoline engines only), filters and similar items used in required maintenance services, the repair or replacement of maintenance parts beyond the first required inspection/maintenance, or if the part has been replaced earlier for reasons other than it being defective.

The vehicle or any part of the vehicle, unless a failure causes the vehicle to fail to conform to applicable emission regulations.

Any vehicle on which the odometer has been replaced or altered and the true mileage cannot be determined.

The vehicle, if the Vehicle Identification Number (VIN) is altered or cannot be read, or if the vehicle has been declared a total loss or sold for salvage purposes.

General

These warranties give you specific legal rights, and you may also have other rights which vary from state to state.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTIES HEREIN.

BMW NA HEREBY EXCLUDES INCIDENTAL AND CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF TIME, INCONVENIENCE, OR LOSS OF USE OF THE VEHICLE, FOR ANY BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, APPLICABLE TO THIS PRODUCT.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you. Additionally, if you are a California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, Oregon, Pennsylvania, Rhode Island, Vermont or Washington resident and your vehicle is registered in that state, your vehicle is eligible for California Emissions Warranty coverage.

These federal warranty provisions also apply to all vehicles sold in all U.S. states and territories regardless of whether a state has enacted state warranty provisions that differ from the federal provisions.

Federal Emissions Performance Warranty (Valid only in the U.S.A. including Puerto Rico)

In those states and jurisdictions that have established periodic vehicle emissions tests to encourage proper vehicle maintenance and require the car to pass an emissions test approved by the U.S. Environmental Protection Agency and:

1. The vehicle was distributed by BMW of North America, LLC (BMW NA), or sold through the BMW NA European Delivery Program; and
2. The vehicle has been maintained and operated in accordance with the instructions for proper maintenance and use set forth in the Owner's Manual supplied with the vehicle; and
3. The vehicle fails to conform to the applicable emissions standards of the EPA as judged by an EPA approved emissions test; and
4. The failure to conform results or will result in the owner of the vehicle having to bear a penalty or other sanction (including the denial of the right to use the car) under local state or federal law if the non-conformity is not remedied within a specified period of time.

Then, in accordance with the provisions of section 207(b) of the Clean Air Act, BMW NA warrants that if the vehicle is eligible for coverage under this warranty, any non-conformities in the vehicle, which cause it to fail an EPA-approved emissions test will, without charge for parts or labor (including diagnosis), be adjusted, repaired, or replaced, at the option of BMW NA to proper specifications, in order to make the vehicle comply with applicable emissions standards. The decision whether to adjust, repair or replace parts is solely the prerogative of BMW NA and must reasonably be expected to correct the failure of the warranted part.

Coverage begins on the date of first retail sale or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or company vehicle, whichever is earlier. This warranty continues for a period of 2 years or 24,000 miles, whichever occurs first, except for specific emissions control components (as listed on page 26), for which the warranty period is 8 years or 80,000 miles, whichever occurs first.

This warranty is made subject to the terms and conditions that apply to the Emission Control System Warranty and the New Vehicle Limited Warranty for Passenger Cars and Light Trucks.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

No claim under this warranty will be denied on the basis of use of a properly installed EPA certified emission part for maintenance and repair.

A vehicle manufacturer may deny an emission performance warranty claim on the basis of an uncertified replacement part used in the maintenance or repair of a vehicle only if the vehicle manufacturer presents evidence that the uncertified replacement part is either defective in materials or workmanship or not equivalent from an emission standpoint to the original equipment part.

Maintenance, replacement, or repair of emission control devices and systems may be performed by any automotive repair establishment or individual using any certified part.

Immediately after the vehicle has failed an EPA approved emission short test, your claim can be made at any authorized BMW center. The authorized BMW center will honor or deny your claim within the time period specified by local or state laws (not to exceed 30 days), to avoid further penalties or sanctions. If the claim is denied, the authorized BMW center will notify you in writing of the reason(s). The authorized BMW center is required by law to honor the claim if notice of denial is not received by the owner within the specified time period.

You may obtain further information concerning the emission warranties, or report violations of warranty terms, by contacting the Director, Field Operations and Support Division (6406J), Environmental Protection Agency, 401 M Street, SW, Washington, D.C. 20460.

The following systems are covered by the Federal Emission Performance Warranty for a period of 2 years or 24,000 miles, whichever occurs first. The specific systems may vary according to model, therefore, all of the systems listed may not be used on your vehicle. For assistance in determining which systems and specific components within these systems apply to your vehicle, please contact your authorized BMW center.

AIR INDUCTION SYSTEM

FUEL METERING SYSTEM

IGNITION SYSTEM

POSITIVE CRANKCASE VENTILATION SYSTEM (PCV)

FUEL EVAPORATIVE CONTROL SYSTEM

EXHAUST SYSTEM

ENGINE EMISSION CONTROL SYSTEM

SENSORS/DEVICES

ONBOARD DIAGNOSTIC SYSTEM (OBD)

RELATED PARTS ASSOCIATED WITH THE ABOVE SYSTEMS

The following components and/or systems are/is covered under the Federal Emission Warranty for a period of 8 years or 80,000 miles, whichever occurs first.

CATALYTIC CONVERTER*

ENGINE CONTROL MODULE (INCLUDING ONBOARD DIAGNOSTIC SYSTEM)

*For diesel engines, this includes the Selective Catalytic Reduction (SCR) catalyst and Diesel Particulate Filter (DPF).

For assistance in determining coverage of the specific components of the Onboard diagnostic system, please contact your authorized BMW center.

General

These warranties give you specific legal rights, and you may also have other rights which vary from state to state.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTIES HEREIN.

BMW NA HEREBY EXCLUDES INCIDENTAL AND CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF TIME, INCONVENIENCE, OR LOSS OF USE OF THE VEHICLE, FOR ANY BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, APPLICABLE TO THIS PRODUCT.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

These federal warranty provisions also apply to all vehicles sold in all U.S. states and territories regardless of whether a state has enacted state warranty provisions that differ from the federal provisions.

California Emission Control Warranty Statement* Your Warranty Rights and Obligations

The California Air Resources Board and BMW of North America, LLC (BMW NA) are pleased to explain the emission control system warranty on your 2016 vehicle. In California, new motor vehicles must be designed, built and equipped to meet the State's stringent anti-smog standards. BMW NA must warrant the emission control system on your vehicle for the periods of time listed below, provided there has been no abuse, neglect or improper maintenance of your vehicle.

*The California Emissions Control System Limited Warranty applies to all 2016 U.S.-specification BMW vehicles registered in California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington.

Your emission control system may include parts such as the fuel injection system, the ignition system, catalytic converter, and engine computer. Also included may be hoses, belts, connectors and other emission-related assemblies.

Where a warrantable condition exists, BMW NA will repair your vehicle at no cost to you including diagnosis, parts and labor.

Manufacturer's Warranty Coverage:

– For 3 years or 50,000 miles, whichever occurs first:

1. If your vehicle fails a Smog Check inspection, all necessary repairs and adjustments will be made by BMW NA to ensure that your vehicle passes the inspection. This is your emission control system PERFORMANCE WARRANTY.

2. If any emission-related part on your vehicle is defective, the part will be repaired or replaced by BMW NA. This is your short-term emission control system DEFECTS WARRANTY.

– For 7 years or 70,000 miles, whichever occurs first:

If an emission-related part specially noted on page 31 as having coverage for 7 years or 70,000 miles is defective, the part will be repaired or replaced by BMW NA. This is your long-term emission control system DEFECTS WARRANTY.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

Owner's Warranty Responsibilities:

– As the vehicle owner, you are responsible for the performance of the required maintenance listed in your Owner's Manual. BMW NA recommends that you retain all receipts covering maintenance on your vehicle, but BMW NA cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

– You are responsible for presenting your vehicle to an authorized BMW center as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

– As the vehicle owner, you should also be aware that BMW NA may deny your warranty coverage if your vehicle or part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities, you should contact:

California Emission Control System Limited Warranty*

This warranty applies to California certified vehicles distributed by BMW of North America, LLC (BMW NA) or sold through the BMW NA European Delivery Program, registered and operated primarily in California.

*The California Emissions Control System Limited Warranty applies to all 2016 U.S.-specification BMW vehicles registered in California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington. This warranty also applies to SULEV (PZEV) models registered in Delaware, Oregon, Pennsylvania or Washington. The SULEV (PZEV) models registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island and Vermont have different emissions warranty coverage; please refer to the SULEV (PZEV) section beginning on page 37.

BMW NA warrants to the original purchaser and each subsequent owner that the vehicle is:

a. designed, built and equipped so as to conform with the applicable California Air Resources Board emission standards.

b. free from defects in materials and workmanship which cause any part that can affect emissions to fail to conform with applicable requirements or to fail a California Smog Check test or EPA approved short test for a period of 3 years or 50,000 miles, whichever occurs first.

c. free from defects in materials and workmanship in emission related parts, which are contained in the California Emission Warranty Parts List on page 31, for a period of 7 years or 70,000 miles, whichever occurs first.

Coverage begins on the date of first retail sale or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or company vehicle, whichever is earlier.

To obtain service under this warranty, the vehicle must be brought, upon failure of a Smog Check test or upon discovery of the defect, to the workshop of any authorized BMW center, during normal business hours. The authorized BMW center will honor or deny your claim within 30 days. If the claim is denied, the authorized BMW center will notify you in writing of the reason(s). The authorized BMW center is required by law to honor the claim if notice is not given to the owner within 30 days.

The authorized BMW center will, without charge for parts or labor (including diagnosis), either adjust, repair or replace the defective part and other parts affected by the failure of the warranted part, if any. If your vehicle failed the California Smog Check test or an EPA approved short test, then BMW NA will repair your vehicle so that it will pass this test. Items that require scheduled replacement are warranted up to the replacement interval specified in the Service section of this Statement. BMW NA may repair a part in lieu of replacing it when performing warranty repairs. Parts for which replacements are made become the property of BMW NA. After 3 years or 50,000 miles, and in accordance with paragraph (c) above, such repairs are limited to the repair or replacement of those parts identified in the California Emissions Warranty List.

If your California registered vehicle is between 7 and 8 years old and has been driven less than 80,000 miles, then your vehicle is eligible for additional warranty coverage under the Federal Emissions Warranty.

A repair performed as the result of a Smog Check test failure due to a defect in a part, which is warranted for 7 years/70,000 miles, is covered.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

In all cases, a reasonable time, not to exceed 30 days, must be allowed for a warranty repair to be completed, after the vehicle is received by the authorized BMW center.

It is the owner's responsibility to have all required maintenance services performed (at the owner's expense when applicable), as prescribed in the maintenance schedule for the BMW Emission Control System. Service intervals are computed by the Condition Based Service system and displayed on the instrument panel.

However, BMW NA will not deny your warranty repair claims solely because you do not have maintenance records or you did not perform the required maintenance unless BMW NA demonstrates that such lack of required maintenance is a direct cause of the emission control system failure. The instructions for required maintenance and use can be found in the Owner's Manual and in the Service section of this Statement.

It is strongly recommended that any replacement parts used for maintenance, repair or replacement of emission control systems be genuine BMW Service Parts or BMW Authorized Remanufactured Parts. Without invalidating this warranty, the owner may elect to have maintenance, repair or replacement of the emission control systems performed by any automotive repair establishment, or elect to use parts other than BMW Authorized Remanufactured or genuine BMW Service Parts. However, the cost of such service or parts will not be covered under this warranty, except in emergency situations. In an emergency situation, where an authorized BMW center is not reasonably available or a warranty replacement part is not available within 30 days, repairs may be performed at any available service establishment or by any individual using any replacement part.

A repair not completed within 30 days constitutes an emergency. BMW NA will reimburse the owner for such emergency repairs (including labor, parts and diagnosis not to exceed BMW suggested retail price for all warranted parts replaced and labor charges based on the manufacturer's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate) that are covered under this warranty. Replaced parts and paid invoices must be presented to an authorized BMW center as a condition of reimbursement for emergency repairs not performed by an authorized BMW center.

The use of replacement parts, which are not of equivalent quality, may impair the effectiveness of emission control systems. If other than genuine BMW Service Parts or Authorized Remanufactured Parts are used for maintenance, repair or replacement of components affecting emission control, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to genuine BMW parts in performance and durability. BMW NA assumes no liability under this warranty with respect to parts other than genuine BMW parts.

However, the use of non-genuine BMW replacement parts does not invalidate the warranty on other components, unless non-genuine BMW parts cause damage to warranted parts.

What is not covered

This warranty does not cover malfunctions caused by any of the following: accident, flood, misuse, modification, alteration, tampering, disconnection, improper or inadequate maintenance, except if performed by an authorized BMW center doing warranty repair work, use of leaded fuel or fuel other than as specified in the Owner's Manual.

The replacement of maintenance parts, such as spark plugs (gasoline engines only), filters and similar items used in required maintenance services or the repair or replacement of maintenance parts beyond the first replacement interval.

Any vehicle on which the odometer has been replaced or altered and the true mileage cannot be determined.

The vehicle, if the Vehicle Identification Number (VIN) is altered or cannot be determined, or if the vehicle has been declared a total loss or sold for salvage purposes.

General

The warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTIES HEREIN.

BMW OF NORTH AMERICA, LLC (BMW NA) HEREBY EXCLUDES INCIDENTAL AND CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF TIME, INCONVENIENCE, OR LOSS OF USE OF THE VEHICLE, FOR ANY BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, APPLICABLE TO THIS PRODUCT.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

Federal warranty provisions also apply to all vehicles sold in all U.S. states and territories regardless of whether a state has enacted state warranty provisions that differ from the federal provisions.

For assistance in determining which parts are covered by this warranty, please contact your authorized BMW center or the BMW NA Customer Relations and Services Department at 1 800 831-1117. You may obtain further information concerning the emissions warranty or report violations of warranty terms, by contacting Air Resources Board (ARB), Mobile Source Division, 9528 Telstar Avenue, El Monte, CA 91731. Please include the title of the BMW service department head and telephone number.

California Emission Warranty Parts List

The following components are covered for defects by the California Emission Control System Limited Warranty for a period of 7 years or 70,000 miles, whichever comes first.

Models:	**X1 xDrive28i SULEV (PZEV) DE, OR, PA & WA only**	**X3 sDrive28i X3 xDrive28i X4 xDrive28i**	**X3 xDrive35i X4 xDrive35i**	**X5 sDrive35i X5 xDrive35i X6 sDrive35i X6 xDrive35i**	**X5 xDrive50i X6 xDrive50i**

Notice

The "National Traffic and Motor Vehicle Safety Act of 1966" requires manufacturers to be in a position to contact vehicle owners when a correction of a safety-related defect or noncompliance issue with an applicable federal motor vehicle safety standard becomes necessary.

Please see the Correcting, Updating or Changing Vehicle-Related or Ownership Information section.

Correcting, Updating or Changing Vehicle-Related or Ownership Information

To enable BMW to contact you with important vehicle product and safety updates, including vehicles with expired warranty coverage, please update your vehicle-related or ownership information by either:

- ▷ Logging on at www.bmwusa.com, to access your My BMW Account (create a new account as necessary)
- ▷ Contacting the BMW Customer Relations and Services Department at 1 800 831-1117
- ▷ Complete and mail the Information Change Card, located at the back of this Booklet

Please have your vehicle's 17-character Vehicle Identification Number (VIN) available.

Tire Warranty Statement

Original equipment tires on new BMW vehicles are warranted by their respective manufacturer as detailed in the applicable tire manufacturer's warranty statement.

The CD ROM BMW provides in the vehicle's documents portfolio contains the warranty statements for the following original equipment tire manufacturers (as applicable to your vehicle):

- ▷ Bridgestone/Firestone
- ▷ Continental
- ▷ Goodyear/Dunlop
- ▷ Hankook
- ▷ Michelin
- ▷ Pirelli

The terms and conditions of the tire manufacturers' warranties are independently determined by the tire manufacturers without input from BMW. We recommend either contacting or visiting the specific tire manufacturer's website to ensure that you have the most current warranty information that applies to your tires.

Should you have difficulty in obtaining the applicable warranty service from a tire manufacturer, your authorized BMW center will assist you in resolving the situation.

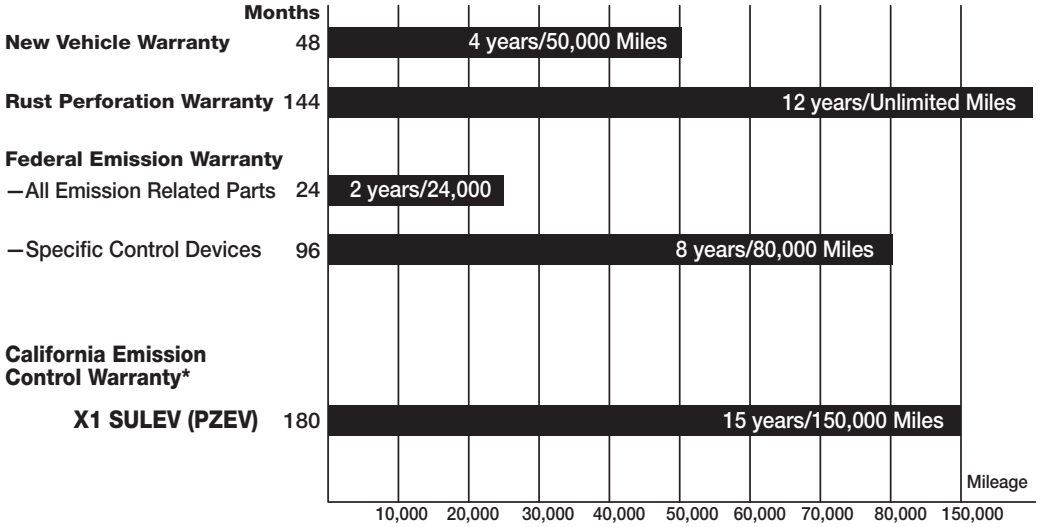

Instructions for proper tire care and maintenance are contained in the Wheels and Tires section of your vehicle's Owner's Manual.

California Emission Warranty — SULEV (PZEV)

Certain 2016 X1 models are certified to California's stringent Super Ultra Low Emission Vehicle (SULEV) standards and also qualify as a Partial Zero Emission Vehicle (PZEV) under the California Air Resources Board Zero Emission Vehicle program. In addition to very low tailpipe and zero-evaporative emissions, this PZEV certification includes a unique warranty when the vehicle is registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island or Vermont. The SULEV (PZEV) models registered in Delaware, Oregon, Pennsylvania and Washington are covered by the California Emissions Warranty; this coverage is described beginning on page 27.

The emission certification standard can be verified on the Vehicle Emission Control Information label located in the engine compartment. A representative label is shown on page 1.

Overview of BMW Limited Warranties for SULEV (PZEV) Models

* The California Emissions Control System Limited Warranty applies to all 2016 U.S.-specification BMW SULEV (PZEV) vehicles registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island or Vermont.

The BMW limited warranties apply only to U.S.-specification BMW vehicles and is valid only when repairs are performed at an authorized U.S. BMW center, subject to all applicable exclusions or limitations. All other U.S.-specification programs such as Roadside Assistance and the Maintenance Programs are also valid only in the U.S.

California Emission Control Warranty Statement SULEV (PZEV)* Your Warranty Rights and Obligations

The California Air Resources Board and BMW of North America, LLC (BMW NA) are pleased to explain the emission control system warranty on your 2016 vehicle. In California, new motor vehicles must be designed, built and equipped to meet the State's stringent anti-smog standards. BMW NA must warrant the emission control system on your vehicle for the periods of time listed below provided there has been no abuse, neglect or improper maintenance of your vehicle.

*The California Emissions Control System Limited Warranty SULEV (PZEV) applies to all 2016 U.S.-specification BMW SULEV (PZEV) vehicles registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island or Vermont. The SULEV (PZEV) models registered in Delaware, Oregon, Pennsylvania or Washington have different emissions warranty coverage; please refer to the California Emissions Warranty section beginning on page 27.

Your emission control system may include parts such as the fuel injection system, the ignition system, catalytic converter, and engine computer. Also included may be hoses, belts, connectors and other emission-related assemblies.

Where a warrantable condition exists, BMW NA will repair your vehicle at no cost to you including diagnosis, parts and labor.

Manufacturer's Warranty Coverage:

– For 15 years or 150,000 miles, whichever occurs first:

1. If your vehicle fails a Smog Check inspection, all necessary repairs and adjustments will be made by BMW NA to ensure that your vehicle passes the inspection. This is your emission control system PERFORMANCE WARRANTY.
2. If any emission-related part on your vehicle is defective, the part will be repaired or replaced by BMW NA. This is your emission control system DEFECTS WARRANTY.

Owner's Warranty Responsibilities:

– As the vehicle owner, you are responsible for the performance of the required maintenance listed in your Owner's Manual. BMW NA recommends that you retain all receipts covering maintenance on your vehicle, but BMW NA cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

– You are responsible for presenting your vehicle to an authorized BMW center as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

– As the vehicle owner, you should also be aware that BMW NA may deny your warranty coverage if your vehicle or part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities, you should contact:

California Emission Control System Limited Warranty SULEV (PZEV)*

This warranty applies to California certified vehicles distributed by BMW of North America, LLC (BMW NA) or sold through the BMW NA European Delivery Program, registered and operated primarily in California.

*The California Emissions Control System Limited Warranty SULEV (PZEV) applies to all 2016 U.S.-specification BMW SULEV (PZEV) vehicles registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island or Vermont.

BMW NA warrants to the original purchaser and each subsequent owner that the vehicle is:

a. designed, built and equipped so as to conform with the applicable California Air Resources Board emission standards.

b. free from defects in materials and workmanship which cause any part that can affect emissions to fail to conform with applicable requirements or to fail a California Smog Check test or EPA approved short test for a period of 15 years or 150,000 miles, whichever occurs first.

c. free from defects in materials and workmanship in emission related parts for a period of 15 years or 150,000 miles, whichever occurs first.

Coverage begins on the date of first retail sale or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or company vehicle, whichever is earlier.

To obtain service under this warranty, the vehicle must be brought, upon failure of a Smog Check test or upon discovery of the defect, to the workshop of any authorized BMW center, during normal business hours. The authorized BMW center will honor or deny your claim within 30 days. If the claim is denied, the authorized BMW center will notify you in writing of the reason(s). The authorized BMW center is required by law to honor the claim if notice is not given to the owner within 30 days.

The authorized BMW center will, without charge for parts or labor (including diagnosis), either adjust, repair or replace the defective part and other parts affected by the failure of the warranted part, if any. If your vehicle failed the California Smog Check test or an EPA approved short test, then BMW NA will repair your vehicle so that it will pass this test. Items that require scheduled replacement are warranted up to the replacement interval specified in the Service section of this Statement. BMW NA may repair a part in lieu of replacing it when performing warranty repairs. Parts for which replacements are made become the property of BMW NA.

A repair performed as the result of a Smog Check test failure due to a defect in a part, which is warranted for 15 years/150,000 miles, is covered.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

In all cases, a reasonable time, not to exceed 30 days, must be allowed for a warranty repair to be completed, after the car is received by the authorized BMW center.

It is the owner's responsibility to have all required maintenance services performed (at the owner's expense when applicable), as prescribed in the maintenance schedule for the BMW Emission Control System. Service intervals are computed by the Condition Based Service system and displayed on the instrument panel.

However, BMW NA will not deny your warranty repair claims solely because you do not have maintenance records or you did not perform the required maintenance unless BMW NA demonstrates that such lack of required maintenance is a direct cause of the emission control system failure. The instructions for required maintenance and use can be found in the Owner's Manual and in the Service section of this Statement.

It is strongly recommended that any replacement parts used for maintenance, repair or replacement of emission control systems be genuine BMW Service Parts or BMW Authorized Remanufactured Parts. Without invalidating this warranty, the owner may elect to have maintenance, repair or replacement of the emission control systems performed by any automotive repair establishment, or elect to use parts other than BMW Authorized Remanufactured or genuine BMW Service Parts. However, the cost of such service or parts will not be covered under this warranty, except in emergency situations. In an emergency situation, where an authorized BMW center is not reasonably available or a warranty replacement part is not available within 30 days, repairs may

be performed at any available service establishment or by any individual using any replacement part.

A repair not completed within 30 days constitutes an emergency. BMW NA will reimburse the owner for such emergency repairs (including labor, parts and diagnosis not to exceed BMW suggested retail price for all warranted parts replaced and labor charges based on the manufacturer's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate) that are covered under this warranty. Replaced parts and paid invoices must be presented to an authorized BMW center as a condition of reimbursement for emergency repairs not performed by an authorized BMW center.

The use of replacement parts, which are not of equivalent quality, may impair the effectiveness of emission control systems. If other than genuine BMW Service Parts or Authorized Remanufactured Parts are used for maintenance, repair or replacement of components affecting emission control, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to genuine BMW parts in performance and durability. BMW NA assumes no liability under this warranty with respect to parts other than genuine BMW parts.

However, the use of non-genuine BMW replacement parts does not invalidate the warranty on other components, unless non-genuine BMW parts cause damage to warranted parts.

What is not covered

This warranty does not cover malfunctions caused by any of the following: accident, flood, misuse, modification, alteration, tampering, disconnection, improper or inadequate maintenance, except if performed by an authorized BMW center doing warranty repair work, use of leaded fuel or fuel other than as specified in the Owner's Manual.

The replacement of maintenance parts, such as spark plugs, filters and similar items used in required maintenance services or the repair or replacement of maintenance parts beyond the first replacement interval.

Any car on which the odometer has been replaced or altered and the true mileage cannot be determined.

The car, if the Vehicle Identification Number (VIN) is altered or cannot be determined, or if the car has been declared a total loss or sold for salvage purposes.

General

The warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTIES HEREIN.

BMW OF NORTH AMERICA, LLC HEREBY EXCLUDES INCIDENTAL AND CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF TIME, INCONVENIENCE, OR LOSS OF USE OF THE VEHICLE, FOR ANY BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, APPLICABLE TO THIS PRODUCT.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

Federal warranty provisions also apply to all vehicles sold in all U.S. states and territories regardless of whether a state has enacted state warranty provisions that differ from the federal provisions.

For assistance in determining which parts are covered by this warranty, please contact your authorized BMW center or the BMW NA Customer Relations and Services Department at 1 800 831-1117. You may obtain further information concerning the emissions warranty or report violations of warranty terms by contacting Air Resources Board (ARB), Mobile Source Operations Division, 9528 Telstar Avenue, El Monte, CA 91731. Please include the title of the BMW service department head and telephone number.

Exporting Your BMW Vehicle

Your vehicle has been specifically adapted and designed to meet the particular operating conditions and homologation requirements in your country and continental region in order to deliver the full BMW driving pleasure while the vehicle is operated under those conditions.

If you wish to operate your vehicle in another country or region, you may be required to adapt your vehicle to meet different prevailing operating conditions and homologation requirements. You should also be aware of any applicable warranty limitations or exclusions for such country or region. In such case, please contact the Customer Relations and Services Department for further information.
