

TERMS AND CONDITIONS

1. Services. BMW will provide, through its authorized service providers, emergency call, accident-assistance call, agent-assisted remote services, Concierge (collectively "BMW Assist") and Infotainment services. All of these services are collectively herein referred to as ConnectedDrive Services or Services, offered in the applicable Service Plans ("Services"). Descriptions of Services can be found at www.bmwusa.com/explore/connecteddrive in your vehicle's owner's manual, or can be provided by contacting BMW Assist Customer Care at (888) 333-6118. **BMW reserves the right, without prior notice, to make additions, changes or deletions to the Services.** BMW may also withhold Services, or may use the Services to locate the vehicle, as BMW deems reasonable in accordance with the terms and conditions hereunder. You agree that BMW or through its authorized service providers may contact you by voice call or text message to the telephone number(s) that you provide or by email regarding matters related to your Services including through the use of an automatic telephone dialing system or a prerecorded voice. You also agree to notify BMW promptly if your contact information changes. You also further agree that BMW may contact you by means of in-vehicle communication (for example message display) as it relates to your Services Plan to inform you, amongst other things, about Services or Service trials you have that are approaching their expiration and providing you with renewal reminders; however, BMW is not obligated to inform you of Services or Service trial expirations.

2. Wireless Services. The Services use commercial mobile wireless services purchased from one or more third party providers (the "Underlying Wireless Carrier"). This agreement does not give you any rights against the Underlying Wireless Carrier selected for the Services. The Underlying Wireless Carrier is, however, an intended third party beneficiary of the protections of this agreement. If your vehicle is equipped with WiFi Hotspot, the ability to connect your personal device to the Hotspot is provided for in your Services; however, access to the Internet and download of content via the Hotspot requires you to register with the Underlying Wireless Carrier and purchase a data plan. For new vehicles, a preliminary Trial Offer may be available.

3. Service Limitations. The Services are provided by BMW using an embedded telematics device installed in your vehicle (the "telematics control unit") which receives global positioning satellite (GPS) signals and communicates via wireless and landline communications networks. For certain Services this results in a voice and data connection with a response center. The telematics control unit is not intended to place or receive personal calls and may only place calls to our service providers as permitted under this agreement. The availability and use of Services are subject to many limitations including the following: (a) Services associated with safety features are pre-activated while personalized Services (those requiring a login) only become available to you upon completion of a subscriber agreement; (b) certain Services are available only if your vehicle ignition is on, and all Services require your vehicle battery to be charged and connected; (c) Services are available within the 50 United States, Canada and Puerto Rico, and in certain other countries or US Territories depending on regulatory requirements or market availability; (d) if your vehicle is being operated outside of the US, Canada and Puerto Rico, the Services may be subject to data usage limitations or restricted entirely; (e) Services are available only when your vehicle's telematics control unit is in range of a transmission site of the Underlying Wireless Carrier or a transmission site of another company that has agreed to carry its calls and there is sufficient network capacity at that moment; (f) Services will not be available if the wireless network requires the use of PIN codes; (g) Services may be impaired by landline and wireless communications problems caused by atmospheric or topographical conditions, busy cells, capacity limitations, equipment problems, equipment maintenance, and other factors and conditions; (h) There are places, particularly in remote areas, with no service at all from the Underlying Wireless Carrier; (i) Services may be affected by inherent limitations of your vehicle's electrical system and architecture, or if any of the components of your vehicle's telematics control unit have been damaged or are defective; (j) Services are not available if the GPS system is not working (map CD or DVD may be required) or the signals are obstructed; (k) Certain programming limitations of the GPS system may impair the ability to determine your vehicle's precise location; (l) Services may be limited to geographic areas where map data and emergency (911) contact information is available in our databases which may be less than that which is otherwise generally available; and (m) Services may be limited or unavailable based on the information provided from third party service providers; and (n) Your vehicle's telematics control unit uses digital cellular telephone signals. If the Underlying Wireless Carrier or BMW terminates or restricts digital service, the Services may not be available.

4. Terminating or Transferring Services. You or a subsequent owner of your vehicle may terminate Services to your vehicle. If you sell your vehicle during the initial BMW-paid Service period all Services on the vehicle transfer to the new owner. If you purchased any optional Services either during the initial Services period or anytime thereafter and sell your vehicle, those Service(s) remain with the vehicle unless you cancel them. If you decide to cancel any such Services please refer to Section 7 Subscription Fee and Refund Policy for further details. If you sell your vehicle or would like to otherwise terminate a Service or waive all Services you can do so by contacting BMW Assist Customer Care at (888) 333-6118 or you can remove your vehicle from your ConnectedDrive account on <https://connecteddrive.bmwusa.com>.

5. Your Duties. You agree to: (a) be fully responsible for the protection of your ConnectedDrive account password; (b) follow the instructions for use of your vehicle's telematics control unit and the Services; (c) accurately furnish all contact and other information requested by BMW and notify BMW immediately of any change in the information or in the ownership of your vehicle; (d) accurately and truthfully report information to BMW (e.g., when using eCall or Stolen Vehicle Tracking services); (e) properly maintain your vehicle and the telematics control unit; (f) not use the Services in violation of any laws or for any unlawful or abusive purpose; (g) not use the Services in any manner unintended by BMW, the service providers, or the Underlying Wireless Carrier; (h) not use the Services in any manner that could harm BMW, its service providers, the Underlying Wireless Carrier or any other person; (i) use the map routing and traffic information, concierge and all other content included in the Services only for your own personal use and not resell, retransmit or modify the information and content; and (j) comply with any other reasonable requirements or restrictions requested or imposed by BMW or the Underlying Wireless Carrier.

6. Service Duration and Waiver of Services. By entering into this agreement, you become a Subscriber to the Services. The initial term of this agreement is the BMW Paid and Customer Paid Periods specified either on the first page of this subscriber agreement, in confirmation communications via email or postal service from BMW received upon subscriber agreement completion or as shown under your account at <https://connecteddrive.bmwusa.com>. Thereafter, a choice of renewal plans is available based on vehicle eligibility. Please contact BMW Assist Customer Care at (888) 333-6118 or visit the ConnectedDrive Store under your account on <https://connecteddrive.bmwusa.com> for details. You can choose to Waive all services. This includes Emergency Call and Teleservice as well as WiFi Hotspot if your vehicle is so equipped. **If you choose to Waive Services and have an active Data Plan for your in-vehicle WiFi Hotspot in place with the Underlying Wireless Carrier, you must first cancel your Data plan with the Wireless Carrier. By waiving, you will not have access to any of the other Services, your vehicle will still have the ability to register and connect to the cellular network for the sole purpose of WiFi Hotspot usage until you cancel your Data plan.**

7. Subscription Fees and Refund Policy. The subscription fee for any Service Plan or renewal you select is payable in advance of the service term. By providing your credit card information, you authorize our service provider, on behalf of BMW, to charge your account for all fees, taxes and other amounts due under this agreement. Subscription fees are 100% refundable within the first 30 days from purchase date. Subscription fees are not eligible for refunds if request is made after 30 days from purchase date. Any promotional items (for example, coupons or gift cards) associated with Services cannot be redeemed for cash. If a discounted Service is refunded, any associated promotional items will expire. If BMW makes additions, changes or deletions to the Services, BMW may offer refund or credit associated with such changes but is under no obligation to issue a refund or credit.

8. Taxes and Other Charges. You are responsible for and agree to pay as applicable, all sales and telecommunications taxes and all other taxes, fees and charges imposed on you, BMW, the service provider, the Underlying Wireless Carrier or the telematics control unit manufacturer in connection with the purchase and installation of the telematics control unit and the provision and use of the Services. Any applicable taxes, fees and charges will be charged to you.

9. Modification to Agreement. BMW may modify these Terms and Conditions by giving you notice or by asking you to read and accept a new version of the Terms and Conditions. We may give you notice by posting a new version of the Terms and Conditions online at <https://connecteddrive.bmwusa.com>, <https://www.bmwusa.com> or in the Connected App. Your continued access or use of the Services after our notice indicates your acceptance to the modified Terms and Conditions.

10. Termination or Modification for Excessive Use. If BMW determines that your usage of the Services is so excessive that it interferes or could interfere with BMW's ability to provide timely, high-quality services to its other subscribers or if BMW determines that your usage constitutes a nuisance or is otherwise not consistent with these Terms and Conditions, BMW may, at its sole discretion, suspend, modify or terminate the Services provided to you, without advance notice. For purposes of this section, excessive use is defined as more than 100 uses in a given month. These rights are in addition to those in the "Default and Termination" section twelve (12) below.

11. Responsibility in Emergency Situations. When our service provider receives an emergency signal from your vehicle, our service provider will attempt to determine if an emergency exists. If so deemed, the service provider will attempt to contact you and the appropriate public safety access point ("PSAP") to request assistance and may also attempt to call one of your third party emergency contacts. By providing emergency contact information for those individuals you select as emergency contacts, you are obtaining authorization for BMW to contact these individuals for the purpose of being called if such an emergency exists. Neither BMW nor its service provider guarantee that the service provider will actually receive an emergency signal or call from your vehicle or that the service provider will successfully contact the appropriate emergency agency or your third party emergency contacts if it does receive an emergency signal or call, or that emergency personnel will respond to the call or locate your vehicle. Neither BMW, its service provider nor the Underlying Wireless Carrier is responsible for any failure or delay of a PSAP in responding to an emergency or for the quality of service delivered, whether the failure is the fault of BMW, the service provider, the Underlying Wireless Carrier or any other third party service provider. You release BMW, the service provider, the Underlying Wireless Carrier and any other third party service providers from all liabilities and losses (including physical injury or death) that you or others may suffer in an emergency situation.

12. Default and Termination. If you fail to timely pay any amount due under this agreement, BMW may terminate this agreement upon 10 days written notice to you. If BMW determines that you have violated the terms and conditions of this agreement and such breach impacts BMW's, the Underlying Wireless Carrier's or any other service provider's ability to service its other customers, BMW may suspend or terminate this agreement without notice as determined by BMW in its sole discretion. If you breach or are reasonably perceived to be in breach of Section 19 "Export Compliance," BMW may suspend or terminate this agreement without notice as determined by BMW in its sole discretion. If you breach any other term of this agreement, BMW may terminate this agreement upon 30 days written notice to you. These rights are in addition to any others BMW may have. If BMW brings an action to enforce its rights against you, you agree to pay all reasonable costs of enforcement, including attorneys' fees. IF BMW TERMINATES THIS AGREEMENT, YOU WILL NOT BE ABLE TO ACCESS THE SERVICES, AND YOU WILL NOT BE ENTITLED TO A REFUND OR CREDIT.

13. Force Majeure. BMW and its service providers will not be responsible for the failure to provide Services to you if caused by any of the following: any act or omission of the Underlying Wireless Carrier or any other wireless carrier (including interruption of wireless service), or any emergency agency or any other third-party service provider or product provider; equipment failures or shortages; damage to the response center, any land or wireless communications networks or the GPS system; acts of nature, acts of God, labor strikes or war; or any other act or event that is outside of the reasonable control of BMW and its service providers. UNDER ANY OF THESE CIRCUMSTANCES, BMW MAY AT ITS OPTION SUSPEND OR TERMINATE ALL OR SOME OF THE SERVICES OR TERMINATE THIS AGREEMENT WITHOUT PRIOR NOTICE TO YOU AND WITHOUT ANY LIABILITY. MOREOVER YOU WILL NOT BE ENTITLED TO A REFUND OR CREDIT.

14. Third Party Beneficiaries. The following parties are considered intended third party beneficiaries under this agreement: BMW affiliates; the service providers and their affiliates, BMW centers and their affiliates, the Underlying Wireless Carrier and its affiliates, and any other third party service and product providers involved in delivering the Services (for example, providers of map data, traffic and routing information, concierge and other content). The disclaimer of warranties, limitations of liability, and other protections of this agreement extend to these third party beneficiaries. To the extent any of these third party beneficiaries impose further terms and conditions on providing services (for example, the end user terms covering navigation and location data), by using the Services, you also agree to be bound by those additional terms and conditions. A copy of any additional terms and conditions can be obtained upon request at customercare@bmwassist.com.

15. Disclaimer of Warranties. Your vehicle's limited warranty includes the telematics control unit in your vehicle, but does not cover the Services or the wireless service. 16. Limitations of Liability.

- a. The Services are provided to you merely as a convenience and are not intended as a substitute for insurance. You should obtain and maintain adequate insurance covering such injuries and losses. YOU AGREE TO RELEASE BMW, ITS SERVICE PROVIDERS, THE UNDERLYING WIRELESS CARRIER AND ALL OTHER THIRD PARTY BENEFICIARIES FROM ANY AND ALL CLAIMS, LIABILITIES AND LOSSES IN CONNECTION WITH THE SERVICES, INCLUDING, BUT NOT LIMITED TO CLAIMS FOR PERSONAL INJURY OR PROPERTY DAMAGE ARISING FROM THE TOTAL OR PARTIAL FAILURE OF PERFORMANCE OF THE SERVICES, EVEN IF CAUSED BY THE NEGLIGENCE OF BMW, ITS SERVICE PROVIDERS, THE UNDERLYING WIRELESS CARRIER, ANY THIRD PARTY BENEFICIARY, OR THE ERRORS OR MALFUNCTION OF THE VEHICLE'S UNDERLYING TECHNOLOGY OR TELEMATICS HARDWARE.
